

GOVERNMENT WILL CONTROL COAL

Wilson Expected to Appoint Coal Administrator Soon

NAME IS NOT KNOWN

Judge Lovett Named Director of Priority of Transportation

TO HAVE FULL POWER

WASHINGTON, Aug. 20.—Government control of the coal industry moved a step nearer today when President Wilson formally named Robert S. Lovett, of the war industries board, to be director of priority of transportation and approved an order issued by Judge Lovett directing that rail and steamship lines give bituminous coal shipments to the northwest preference over all other freight movements.

To Appoint Administrator.

Within the next day or so the president is expected to appoint a coal administrator, on whom he will confer authority to control coal production and distribution, including price fixing powers, given to the executive in the food control act. At an hour's conference today with the federal trade commission he went over details of his plans. There was no intimation tonight as to whom the president will name.

Officials familiar with the president's trend of thought tonight have appeared firmly convinced that a one-man control would work out better than to place supervision of the industry under one of the existing government agencies.

The man named would have at his disposal the services of the trade commission, which is in a position to suggest fair prices; the interstate commerce commission, which will administer the new coal service law; the director of priority, who will place shipments of fuel where most needed, and the exports council, which will control exports.

Several Plans Suggested. Of the several war coal control plans suggested officials believe the president most likely will adopt the one calling for government requisitioning of the entire output of the mines and government sale of coal to the public.

An alternative would provide government price fixing by mines and by jobbers and wholesalers, the coal administrator to keep watch on the industry and to take over the business of any concern failing to abide by regulations.

The food bill gives the president power to adopt either of these plans and authority to carry it out through any agency he may select.

Visits Trade Commission.

President Wilson visited the trade commission for the second time within three days. He called Saturday for a conference when he learned that the commission had completed its report on the cost of producing coal. Today he made another trip and secured additional information.

The White House announcement of the appointment of Judge Lovett, who is chairman of the Union Pacific, as director of priority, put into operation the act of August 10 authorizing the president to give priority of transportation to commodities most essential to the national defense.

TRANSPORTATION OF COAL INCREASES

NEW YORK, Aug. 20.—Increase of 6,486,000 tons in the amount of bituminous coal transported by the railroads of the United States in July over the same month last year was shown in a report issued here today by Fairfax Harrison, chairman of the railroads' war board. The total amount carried during the month was 764,965 carloads. The greatest increase was made by Illinois, Indiana and Western Kentucky amounting to 84 per cent.

BIG BATTLE RAGING ON ISONZA FRONT

LONDON, Aug. 20.—A dispatch from Copenhagen says that, according to reports received from Austria, the battle now raging on the Isonzo front is characterized as the most violent ever fought there. The dispatches add that it is believed the Italians are trying to break thru to Trieste.

A colossal number of new guns

has been brought into the fight, for which the Italians had been preparing for weeks.

THOUSANDS OF CATTLE BEING TRANSFERRED.

Washington, Aug. 20.—Transfer of thousands of head of cattle from the dry sections of southwestern states to grazing lands of southern states east of the Mississippi will be one of the first tasks undertaken by a joint committee appointed today by the department of agriculture and the food administration to deal with the general problem of stimulating livestock production and conservation of supply.

NECESSITY OF LABOR HINDERS PRODUCTION

Winter Wheat Meets Many Obstacles

Representatives of Central States in Conference With U. S. Agricultural Officials—Many Suggestions Made to Acquire Farm Labor Made

Indianapolis, Ind., Aug. 20.—Inability to get the necessary labor for farm work and also lack of fertilizer, especially phosphates, are among the principal obstacles in the way of an increased winter wheat in 1918 and an increased rye production, experts from Illinois, Indiana, Kentucky, Michigan, Ohio and Wisconsin told representatives of the U. S. department of agriculture in conference here today. In spite of the obstacles it was the consensus of opinion, however, that the government program from an increase of approximately 28 per cent in winter wheat acreage in the six states and the consequent increase in yield would be accomplished.

Labor Question Complicated

The labor question is complicated by the draft for the army and also the movement of farm labor to factories. One suggestion made was a census in cities, ascertaining the number of men with farm experience and then arranging for the factories to close during the rush of the harvest season. Another was for high schools and colleges to have shorter terms.

The farmers desire phosphates alone and not mixed with other material, it was said at the conference. The suggestion was made that the government should concentrate the attention of railroads on transporting the fertilizer from the mines, and also devise a method whereby it could be sold to the farmer at a price slightly above the cost.

Shortage of Good Seed

A shortage of good seed in Indiana, Kentucky and Wisconsin was mentioned by representatives from those states.

Two different views on the situation in Illinois were expressed. Professor G. N. Coffey said he believed the prospects of higher prices would cause more winter wheat to be planted in Illinois. Dean E. Davenport, of the University of Illinois, declared that, in his state, no absolute increase acreage of winter wheat can be expected, and if the wheat acreage is increased, it must be at the expense of some other crop. He suggested propaganda to get sheep clubs formed, because, he said, sheep do not require the grain that beef and pork animals do; and also the growing of more potatoes for food as a substitute for wheat.

Conference Ends

The formal conference ended tonight. Many of those who attended expected to be here tomorrow morning, however, and said they will discuss the subjects of more wheat and rye informally.

The conference was one of a series in different cities. They are held to get an exchange of ideas, and also to get to the men in various states definite ideas of the government's program. The men in turn are expected to get the information to the farmers.

URGES YOUNG MEN TO BE KEPT IN SCHOOL

Governor Lowden Sends Letter to Superintendent of Public Instruction Outlining View

Springfield, Ill., Aug. 20.—Governor Frank O. Lowden tonight in a letter to Francis G. Blair, state superintendent of public instruction, urges that every effort be made to keep young men below draft age in attendance at the high schools and colleges of the state during the war. "This war is making its heaviest draft upon the educated young men of the country," the governor says in part. "When the work of reconstruction comes, which must follow after the war, there will be an equally insistent demand for highly trained men to meet the needs of peace. There is need, therefore, that these young men * * * ineligible for military services, should go on with their high school and college work. They will thus serve their country best."

FERGUSON UNDER CROSS-EXAMINATION

AUSTIN, Texas, Aug. 20.—Governor James E. Ferguson, under cross-examination today by counsel for the house committee of the whole, refused to divulge the names of persons said to have loaned him sums totaling \$150,000 with which he is alleged to have cleared up a large portion of his indebtedness to the Temple State Bank, of Temple, and the Houston National Exchange Bank, of Houston. The representatives of charges against Mr. Ferguson, filed by Speaker F. O. Fuller, and which seek the governor's impeachment.

Among the charges pressed by Speaker Fuller was one that the governor's affairs with the Temple bank, of which Ferguson is a large stockholder, were irregular and unlawful.

WILL ATTEMPT TO FORM ORGANIZATION.

New York, Aug. 20.—An attempt is to be made to found a national organization from the thousands of men rejected for the national army to care for the families and relatives of men who go to the front, according to a statement issued here tonight by the National Security league.

DISCUSS MEASURES TO STABILIZE SUGAR

Washington, Aug. 20.—Measures to stabilize sugar prices were discussed today by Herbert C. Hoover, the food administrator with a committee from the New York Coffee and Sugar Exchange, which stopped sugar futures trading last week at Mr. Hoover's request. Prices have advanced sharply within the last few months.

The food administration plans to take control of sugar dealings as soon as it has completed a program for supervising wheat trading and flour and bread manufacture.

SENTIMENT FAVORS ADDING TO WAR TAX BILL

Higher Rates On War Profits Receives New Impetus

Speeches Advocating Such Increases Made by Many Senators—Third Week of Debate Opens—Senator LaFollette to Make Speech Today

Washington, Aug. 20.—Widespread sentiment in the senate in favor of adding to the total of the war tax bill by imposing higher rates on war profits and income surtaxes received new impetus today with the opening of the third week of debate.

Speeches advocating such increases were made by Senators Johnson, of California; Hollis of New Hampshire and Jones, of New Mexico. Tomorrow Senator LaFollette is expected to make his address in favor of levying virtually all war taxes upon incomes and war profits. Senator King is preparing a substitute bill providing much higher rates on these commodities.

Little Progress Made

New action was taken by the senate during the day and little progress was made on the bill. After Senator LaFollette's speech, however, it is planned to proceed with actual consideration of the income and war profits sections, although leaders do not expect final action on the two principal disputes before Wednesday nor passage of the bill before next week.

The finance committee today disapproved invoking cloture, but Senator Simmons plans soon to have a day fixed by agreement for a final vote.

In advocating greater federal levies on war profits and millionaires' incomes Senator Johnson said American youth had been conscripted and that swollen fortunes "coined from the blood of the nation" also should be drafted. He recommended that the government take 80 per cent of war profits—as Great Britain does—and half of millionaires' incomes. The present bill is designed to assess about 26 per cent on war profits.

HANDICAP SHOOT IMPEDED BY RAIN

CHICAGO, Aug. 20.—Rain impeded the progress of the great American handicap shoot which opened today at the South Shore Country club, but preliminary events participated in by both professionals and amateurs showed some excellent scores.

In the professional shoot Homer Clark, of Alton, Ill., broke 99 out of 100 targets, taking first place; Bart Lewis, Auburn, Ill., was second with 97; C. A. Young, Springfield, Ohio; W. R. Crosby, O'Fallon, Ill.; J. R. Graham, Ingleside, Ill.; C. E. Goodrich, Belleville, Ill., also had 96.

Frank M. Troeh, Vancouver, B. C., with a score of 199 out of a possible 200 won first place in the amateur event.

Tomorrow the amateur championship singles and doubles will be staged in addition to the Chicago overture and events for women and professionals.

SLACKERS BOUND OVER TO GRAND JURY

McAlester, Okla., Aug. 20.—At the hearing today of cases against those Oklahoma farmers charged with conspiring to obstruct the selective draft law thirty-two men were bound over on \$5,000 bonds. They had waived preliminary hearings. Judgment against three was reserved at the government's request. This makes a total of 145 men now held for the grand jury, none of whom has been able to make bond.

Pittsburgh county cases, which number about 45, were expected to open tomorrow.

PRINCE ALBERT TO TAKE TREATMENT

LONDON, Aug. 20.—Prince Albert, second son of the King, has been obliged to leave his ship owing to gastric trouble. A course of treatment has been ordered which will prevent him from undertaking any duty afloat for several months.

Prince Albert was operated on for appendicitis in 1914 and on several occasions has been obliged to go on sick leave.

PHYSICIAN DIES

Hamilton, Ont., Aug. 20.—Dr. E. L. McRobbie, a well known physician was found dead here today. The body was discovered in a yard and indications are that death resulted from clubbing. Three arrests have been made.

PROGRESS IS BEING MADE.

Minneapolis, Aug. 20.—Rapid progress is being made by the Knights of Pythias in raising a war relief fund of \$500,000 to be used in behalf of wounded and their dependents, according to an announcement tonight by Fred E. Wheaton, supreme keeper of records and sales.

FRENCH COMMANDER VISITS U. S. TROOPS

General Petain Pleased With Inspection

French Officer Accompanied by Pershing on Tour—Both Men Leave for French Front—Material Improvements Noted Everywhere.

American Training Camp in France, Sunday, August 19.—(By the Associated Press)—General Petain, commander-in-chief of the French armies, paid his first visit today to the American troops in France.

"I am exceedingly pleased with what I have seen during this inspection," he said. "Training has progressed so well that I feel certain the American troops will form an excellent fighting force in a very short time."

Accompanied by Pershing.

The French general was accompanied by Major General John J. Pershing, the American commander, and both left this afternoon for the French front, where they will remain several days. They had a very busy day, motoring a hundred miles or more and inspecting almost every village in which Americans are billeted.

Addressing the officer of one of the divisions, General Petain said they had rendered a notable service both to France and to America and that their battalions had become sister battalions to the American contingent. The Americans, he added, had expressed the hope that some day they would have the privilege of fighting along side their French instructors and of proving what apt pupils they can be.

Material Improvements.

Major General Pershing noted material improvement everywhere and said:

"I am extremely well satisfied with what I have seen today. A thing which particularly strikes me is the fine spirit which prevails among American officers and men. Training is progressing rapidly and satisfactorily in every respect."

The review of the chasseur division was most spectacular. General Pershing greatly admired the dash with which it was carried out.

The day was one of brilliant sunshine, and during the greater part of the review, a beautiful silver-colored French airplane played above the heads of the soldiers. The French plane was viewed with some suspicion by the American anti-aircraft gunners while it was some distance away. There were several German airplanes near the camp late yesterday and it is reported that French airmen brought one of them down while it was endeavoring to return home.

Presented with Bouquets.

Several times during the day the French commander was presented with bouquets by small girls, each one of whom he kissed. Late in the day General Pershing also received a bouquet, and, adopting the French custom, leaned far over and kissed the little girl on both her rosy cheeks and thanked her first in English and then in French.

General Petain made a close inspection of several American battalions and seemed particularly interested in their equipment.

Impressed with "Sammy" Hats.

The broad-brimmed American campaign hats also claimed a great deal of his attention. He took one of these from a soldier's head, weighed it in his hands, and studied it for several minutes, and then carefully replaced and adjusted it on the American's head.

"This is very good," said the general. "It is especially fine for such a sun as we have today."

"And for rain, too," added General Pershing.

"They are fine young men, of splendid physique, intelligent and most satisfactory looking soldiers in every way," General Petain told several of the captains of companies, who repeated his words to their commands when the general had passed on his way.

APPLICATIONS FOR INCORPORATION PAPERS

SPRINGFIELD, Ill., Aug. 20.—Applications for incorporation papers were filed with the secretary of state today by the following:

Macon County Coal company, of Decatur; capital stock \$200,000; incorporators, Harry D. Gullikson, Fred W. Kohl and James T. Pavel. Sutherland-Bacon Company of Peoria, to conduct plant for feeding stock; capital stock \$10,000; incorporators, J. C. Sutherland and C. P. Bacon.

PLEDGES TO SUPPLY GOVERNMENT SUGAR

New York, Aug. 20.—The country's sugar industry was pledged here today "to supply the requirements of the army and navy during 1917 and 1918, estimated at 100,000 tons of sugar per annum at a price to be fixed by the food administrator, by a committee appointed from representatives of sugar refiners, beet sugar producers and plants."

REPORTS REPEATED.

Des Moines, Ia., Aug. 20.—Reports that a second training camp for negro officers would be held at Fort Des Moines were refuted today by Colonel C. C. Bailou, camp commandant, on information from the war department. More than 1,000 negroes are completing their training at the camp and announcement of commissions is expected the first week in September. It is planned to turn the fort into a military hospital.

WHEELER RETURNS FROM WASHINGTON

Chicago, Aug. 20.—Harry A. Wheeler, federal food controller for Illinois, returned from Washington today and began his task. "Owing to the very liberal attitude of Governor Lowden and the state council of defense in avoiding the appointment of only state food controller the federal food administrator enters upon his work particularly free from the danger of conflict of authority," said Mr. Wheeler. "I expect that voluntary cooperation will render arbitrary methods unnecessary, altho the law gives such authority."

TO PROVIDE NAVY ADDITIONAL DESTROYERS

Daniels Confers With Shipbuilders On Question

Information Submitted by Builders As to What They Could Do in Way of Expanded Facilities Taxed to the Limit—Plans Outlined Would Make U. S. First in Destroyers.

Washington, Aug. 20.—Preliminary steps toward providing the navy with as many additional destroyers as American plants can turn out were taken today by Secretary Daniels today at a conference with more than a score of shipbuilders, engine makers and representatives of other industries.

Information was submitted by the builders as to what they could do in the way of expanded facilities, taxed to the limit of their present capacity with destroyers already under construction. Navy officials will study the reports and suggest a definite plan for the accomplishment of their purpose, which is to make the United States first in destroyers, the arch-enemy of the submarine.

The main difficulty is to find facilities for turning out the engines. There are many building yards which can install additional ways and begin hull construction without delay, but engines and equipment present a greater problem. Today's conference dealt largely with this aspect.

The destroyer has proved itself by expelling the most efficient U-boat hunter because of its speed and seagoing qualities. The more destroyers that can be turned to patrolling ocean lanes, the greater will be the safety of cargo craft and transports. The U-boats seldom expose themselves within range of a destroyer.

The usual underwater speed of submarines is about 10 knots an hour, altho the big ocean-going cruisers turned out by the Germans have a surface speed of probably 18 knots. Steamers employed as troop ships make not less than 12 knots an hour, so that they need not fear underwater attack from the rear and with destroyer convoys to protect them ahead, virtually only chance encounters with U-boats directly in front.

BRITISH STEAMER ATTACKED BY "SUB"

AN ATLANTIC PORT, Aug. 20.—A hit on a German submarine on the outward voyage and the successful thwarting of an attack by another German submarine on the trip back to this country, were reported by officers of a British steamer, which arrived tonight.

The first submarine was sighted about 300 miles off the coast of France. Naval gunners aboard the steamer immediately opened fire. The third shot hit the submarine's periscope and the underwater craft disappeared.

On the way back to the U. S. the steamer encountered the second submarine. The gunners again opened fire before the submarine could begin with her guns but they do not believe they scored a hit as the enemy submerged too quickly.

WILL CONTEST HABEAS CORPUS PROCEEDINGS

SPRINGFIELD, Ill., Aug. 20.—Assistant State's Attorney Noah Bainum will go to Cleveland, Ohio, today to contest the habeas corpus proceedings of Dr. LeRoy Bundy, the negro dentist indicted on several counts for alleged participation in the East St. Louis race riots. Bundy under arrest at Cleveland, contends he was not in the state when the crimes of which he is charged were committed.

UTILITY COMPANIES GIVEN HEARING

Springfield, Ill., Aug. 20.—The utility companies controlled by the Illinois Traction System today were given a hearing before the Illinois state public utilities commission on their joint petition to abolish the flat rate system of charging for heat and to install meters.

The companies represented are in the following cities: Danville, Urbana, Champaign, Decatur, Bloomington, Clinton and Galesburg.

GREAT PROBLEM CONFRONTS BOARD

Chicago, Aug. 20.—Exemption appeal boards for the three Cook county districts met today for the first time, the greatest problem before them being a large number of claims for exemption on the part of foreign-born residents. There are three boards for Cook county, two for Chicago and one for the country districts.

ROB CASH DRAWER.

Belvidere, Ill., Aug. 20.—Two men this afternoon robbed the cash drawer of the Commercial Hotel, of \$150 and escaped after tying the proprietress, Mrs. Fred Smith, with an electric light wire.

PEACE AND QUIET PREVAILS IN NORTHWEST

No Disorders Reported in the Great Strike

Survey of Situation Shows That Every Line of Industry Affected by Proposed Strike Pursued Its Normal Way—Many Leaders Arrested

San Francisco, Aug. 20.—Peace and quiet prevail thruout the northwest states of Washington, Oregon, Idaho and Montana, where a strike of thousands of industrial workers of the world in the construction, harvesting and fruit industries was scheduled to take place under orders of the organization leaders. A survey of the situation early tonight showed that every line of industry to be affected by the strike pursued its normal way, and, so far as could be ascertained, only one attempt was made by I. W. W. leaders to carry into effect the strike order issued recently by James Rowan, district secretary of the organization, with headquarters at Spokane, who advised farm workers to let fruit rot on the ground and calling on construction workers to quit work.

Eighty harvest hands at St. Johns Washington, struck because a fellow I. W. W., held in jail had not been released.

Leaders Arrested

The unexpected action last night of military authorities at Spokane in arresting Rowan and 26 other accomplices, is said to have exerted a powerful influence in deterring the radical members of the organization from precipitating a strike, which, it is admitted would have serious and far-reaching results. The arrests were made at the instance of Colonel Clarence E. Dentler, commander of the U. S. A., in the north west, because it was considered that the proposed strike would interfere with the prosecution of the war.

The twenty seven men who were arrested by Major Clement in charge of the national guardsmen who raided the I. W. W. headquarters at Spokane, are held as military prisoners, and will be examined within a few days, and some of them, it was said, probably will be released. The examination will be conducted by Major Wilkins and the prisoners will be held incommunicado.

Many Troops Available

It was announced today at the headquarters of Colonel Dentler, at Portland, that fifteen thousand troops were available in the four northwest states for eventualities. In addition, the farmers and other agricultural and horticultural interests have perfected organizations for their mutual protection.

Advices today from Wallace, Idaho, stated that troops had been placed in the Couer d'Alene mining district to preserve order. At Lewiston, Idaho, troops also have arrived to take care of the I. W. W. situation.

From Seattle reports were received that the I. W. W. construction workers in that district would take a strike referendum vote September 10.

THOUSANDS OF FEET OF FILM FOR SOLDIERS

New York, Aug. 20.—Enough motion pictures to stretch on one film from New York to Fargo, N. D., and provide a program that if put into one performance, would last more than three years, are to be provided by the national war work council of the Y. M. C. A. in the United States to the soldiers in training at the 343 cantonments, camps and posts, the council has announced. Eight million feet of films a week will be provided for the entertainment of the National Guardsmen and recruits of the national army.

SENDS MESSAGE OF APPRECIATION

AMSTERDAM, Aug. 20.—After his visit to the German high sea fleet at Wilhelmshaven, Emperor William issued the following to the fleet:

"After having recently received an announcement that a renewed heavy attack of the enemy in an attempt to break up our sea front in Flanders had been successfully repelled, I have today by a visit to my fleet and the island fortress of Heligoland been enabled to convince myself of the strength and security of this front too. I express my warm appreciation of all the high sea forces on the water, under water and in the air."

BATTLE SCARRED FLAG RETURNED

SPRINGFIELD, Ill., Aug. 20.—The battle scarred flag of the Second Tennessee cavalry captured by Illinois troops in the Civil War and since kept in the Illinois historical museum was to arrive at Memphis today, having been returned in accordance with a resolution adopted by the Fifty-fourth General Assembly. Today is the fifty-fourth anniversary of its capture.

STEAMER DAMAGED BY FIRE

New York, Aug. 20.—The Norwegian steamer Christian Eors, of 4,976 tons gross was damaged to the extent of \$1,000,000 by fire early today while lying at her dock in South Brooklyn. The steamer arrived recently from Buenos Aires and had about completed the discharge of a cargo of hides. Several Brooklyn fire companies and three fireboats fought the blaze and had it under control two hours after it was discovered. The origin of the fire has not been determined.

BRITISH TROOPS BUSILY ENGAGED

Successful in Parrying Attacks Of German Counter

Attacks

FRENCH ON OFFENSIVE

12,000 Prisoners Have Been Counted On Latest French-Italian Drive

NEW TERRITORY TAKEN

With the British troops busily engaged in the successful parrying off German counter-attacks against the newly-won ground in Flanders, the French and Italians have started monster offensives—the French against the Germans near Verdun and the Italians against the Austrians from Plava to the Adriatic.

French Gain Positions.

Sharp, decisive blows have gained from the French positions held by the Germans on a front of more than eleven miles, extending from the Avocourt wood eastward across the Meuse and into the Boisse-de-Chaume, while the Italians, after a bombardment of an intensity never before experienced in that theater, have levelled Austrian defenses, crossed the ruins and also the Isonzo river and are at deadly grips with the enemy along a front of about 37 miles.

Many Prisoners Taken.

Nearly 12,000 prisoners have been counted by the French and Italians and doubtless this number will be materially augmented when full details of the fighting are at hand. In addition the Germans and Austrians lost heavily in men killed or wounded and in guns and machine guns captured. The new territory taken by the French embraces positions that have literally weltered in French and German blood in battles that have waged to and fro since the German crown prince started his most costly enterprise, the attempt to take Verdun, which resulted in utter failure as a military maneuver and cost the lives of tens of thousands of his men. Notably among the captured positions are the Avocourt wood, two summits of Le Mort Homme, the Corbeaux wood and Champenelle, all of which were held notwithstanding vicious counter-attacks by the Germans, which were broken up by the French fire with heavy casualties to the enemy.

Italians Active.

At last accounts, the Italian guns were energetically proceeding with the work of destruction of the new positions taken up by the Austrians, endeavoring to blast a road through the defenses in order to make more easy the march of the Italian troops toward Trieste.

The situation in Flanders and northern France is virtually calm, as compared with last week, but both the British and French continue to make sallies at various points and to strengthen the positions won in the recent fighting. The Canadians around Lens daily are biting further into the German line and now have the coal center virtually surrounded, except on the east. Even on this sector the Canadian guns have the range and are making almost impossible any movements of the enemy from or into the town. The entente allied airmen still are carrying out raids on German positions in

"WILHELM'S WARRIORS"
The trouble with the Industrial Workers of the World continues and members of this organization are now striking in four western states. The action of present conditions fully justify the assertion of Senator Ashurst of Arizona, who recently declared that I. W. W. stands not for Industrial Workers of the World but for "Imperial Wilhelm's Warriors." Certainly the activities of I. W. W. members at this time are thoroughly un-American and give strong indication of having been occasioned with the idea of giving comfort to our enemies abroad.

BRYAN IS COMMENDED.
W. J. Bryan's attitude on the war is winning him many compliments these days. His paper, "The Commoner," has in the last issue utterances on the conscription law which has brought editorial commendation from the St. Louis Globe Democrat and papers equally influential. In a signed article Mr. Bryan declared that no sympathy should be wasted on persons arrested for unpatriotic utterances and he branded resistance to the draft law as anarchy.
"Before our nation enters a war it is perfectly proper to discuss the wisdom of going to war, but the discussion is closed when congress acts," Mr. Bryan said. "We must stand together and fight it thru." There are only two sides to a war—every American should be on the side of the United States."

THE METHODS THAT WIN.
The American suffragists who have maintained their heckling campaign at Washington thru so many tire-some weeks should profit by the experience of their sisters in England. There recently parliament gave to women full suffrage, not because of the militant methods of the suffragists but because the women by the faithful patriotic part they are taking in the war won sufficient support for their cause to give them the number of votes needed. Some years ago suffrage was rampant in England and riots and disturbances occasioned by the suffragists were of frequent occurrence. The heckling continued at Washington and even the arrest of a few of the leaders has not seemed to put an end to the campaign, which can do nothing but serve to make the suffrage cause less popular and to put the day of victory further in the future.

TRACTOR DEVELOPMENTS.
At a tractor show in Tremont, Neb., more than fifty different makes of tractors were exhibited. It was a national show, the only one to be given this year, whereas there were eight or ten last year. The reason for only one show is that the national manufacturers agreed that the value of the tractor is now so thoroughly recognized that there was need of only this one demonstration. There is the added reason that the war demand has given such an impetus to the tractor business that manufacturers are hardly able to keep pace with the demands. The development of the tractor as related to farm labor is one of the wonders of recent years and the variety of types offered to the public is a strong testimonial to American inventive genius. One of the latest developments in type is a powerful two wheel tractor which can be guided by steel lines the operator having the same relative position as that taken by the driver of a team of horses. This tractor is now being used to haul heavy wagons in the army service and its power is such that a load of 15 tons can be moved with reasonable speed.

GAS FOR AUTOMOBILE POWER.
It will be interesting for automobile owners to know that recent experiments in England, growing out of the necessities of war, have produced a cheap substitute for gasoline that seems to do the work.
Coal gas was substituted in the operation of a motor bus running between London and Eastbourne, a distance of 65 miles, and proved successful. The Grimsby municipality, which operates a system of motor buses, has reduced the cost by substituting coal gas for gasoline from 1.30 to 1.66 per mile, the price of gasoline there being 61 cents per gallon and that of gas 61 cents per 1,000 feet. It is said that the only change in the motor is the fitting of a butterfly valve in the air-intake pipe for the regulation of the air supply.
This is only one of the many interesting developments recently growing out of war conditions.—Quincy Herald.

THE SAME SPIRIT CONTINUES.
We are apt to think that conditions have changed marvelously in the 50 or 60 years since the War of the Rebellion and so they have. Methods of fighting have changed and the means of warfare used in 1861-65 were meagre by comparison with the great guns and other war equipment. But the spirit of '61 and 1917 are very similar, notwithstanding the changes mentioned. This fact is brought vividly to mind in the current issue of the Independent, which presents two pictures taken in '61 and compares them with two of recent date. One of the older pictures shows uniformed troops carrying muskets going abroad a warship as a great crowd of their fellow citizens stands on the shore to cheer them. The other old picture shows a group of women busily engaged in making comfort bags and in sewing shirts for soldiers.

One of the 1917 pictures presents troops in khaki boarding a warship and in the other women at work knitting socks and sweaters. The men of '61 wore caps and capes and the men of '17 the hats and tight fitting jackets with which we are all familiar. The women of the sewing group of '61 had long flowing skirts and their sisters of the present day appear with skirts above their shoe tops. These minor details of dress are about the only difference in these interesting pictures, which impress again with the thought that the real spirit of America was the same in '61 that it is today and that it will be changeless as the years go by.

DIMMERS AND NON-GLARE LIGHTS.
The driver of an automobile who is using regular headlights on his car should be careful about these lights at night. The disposition of most drivers is to obey the law, which requires that they dim these lights when approaching another car. A good many automobiles are now equipped with non-glare lights and occasionally a driver whose car has simply the regulation lights takes exception to the failure of some driver to dim his lights, failing to notice that the second driver has non-glare lamps. The owner of a car with non-glare lights reports that on several occasions like this he has been almost blinded by drivers who after dimming their lights, have turned them on again and even have used a spot light.
So it behooves every driver not only to be careful to dim his lights but to be sure that the "other fellow" is an offender. There are several non-glare lights on the market and any one of them will afford protection to other cars on the roadway.

TRIP TO KANSAS
Mr. and Mrs. James Middleton have returned from an automobile trip to Abilene, Kan. They started three weeks ago in their Ford car and followed a route which took them thru Hannibal and Kansas City. They had only one puncture on the entire journey, which was in every way a pleasant one. Mr. Middleton's relatives live in Abilene and the crop conditions in that locality this year are very satisfactory.

A dance will be given in the Park at Alexander Thursday evening by the baseball club.

PROVIDE FOR SOLDIER MEMBERS.
The executive committee of the Tribe of Ben-Hur has recently adopted a resolution providing that all members who were admitted to membership prior to April 6, 1917, may upon application receive a permit to enter the military or naval service of the U. S. and have the full protection of their beneficial certificates in case of death.

We have just received a fresh lot of silk ties. See them at Tomlinson's.

MANN-EVANS WEDDING AT WINCHESTER SUNDAY
Ceremony at Sunset is Terminus of Happy "Romance on Horseback"—Other Winchester News Notes.
Winchester, Ill., Aug. 20.—Miss Leslie Ward Evans, the daughter of Mr. and Mrs. Robert Evans, northwest of here, and Robert John Mann of Peoria, were united in marriage Sunday evening and thus was brought to a happy consummation a romance which had a noteworthy beginning. It was late one afternoon a number of months ago that Miss Evans and Mr. Mann were horseback riding together. During this ride the vows of betrothal were pledged and the agreement was made that a similar journey should precede the marriage ceremony. The couple left accordingly late Sunday afternoon and their horses were seen approaching the Evans home just at sunset. The Rev. C. W. Caseley met them at the gate and the three went within to the wedding music from Lohengrin, played by Miss Rhea Richardson and it was in the large living room, in the presence of fifty friends, that the pastor spoke the words which made the couple husband and wife.

Rippling Rhymes
By WALT MASON

AT A SUMMER RESORT
This is the playground of the land, where I have pitched my tent; and tourists throng on every hand, on wholesome pleasure bent. They climb the hills and fish the streams and in the caverns play, and I can hear their whoops and screams throughout the livelong day. There lives near me a sad-eyed seer, who views the joyous throng, and wipes away a bitter tear, and sighs both loud and long. "Have they no hearts?" the seer exclaims; "what are they laughing for? Have all those giddy men and dames forgotten we're at war? They balance on a mountain's brink, and jeer at those below; oh, tell me, do they never think of war and all its woe? They chase the fleeing mountain sheep as though they had no care; oh, tell me, do they never weep for war and its despair?" "Oh, graybeard seer," I make reply, "there's time enough to weep, so let them scale the mountains high, and chase the goats and sheep. There's always time enough for tears, a place for those who whine; and I grow sick of grouchy seers who always call for brine. Of sobs and sorrow I grow sick, of snivel and of sniff, so pray excuse me if I kick your person down this cliff."

THIS DATE IN HISTORY
August 21, 1849.—Hecker and other gallant Germans, who had gone to Europe from this state, are on their way back, the hopes for freedom in their Fatherland having been crushed for the present.

We have just received a fresh lot of silk ties. See them at Tomlinson's.

MUST NOT WASTE RICE.
"Economy" and "Conservation," terms so familiar in our present day life, have place, it seems, even in the time honored custom of railway station farewells for newly wedded couples. Monday morning Mr. and Mrs. W. J. Eads, who had been married two hours earlier at the Church of Our Savior, left over the east bound Wabash. Some of their friends accompanied them to the station for the customary showering with rice. A Wabash brakeman was thoroughly up to date. "You must stop that," he said, "you mustn't waste the nation's food supply, for Herbert Hoover will get you if you don't watch out."

HAROLD TANNER INJURED
Word has been received here of a severe injury to Harold Tanner seven years old son of Dr. and Mrs. Rollin Tanner, who was run over by a Ford automobile truck in Cleveland, Ohio a week ago Saturday. The boy was playing in front of his grandmother's residence in Cleveland when the accident occurred. The pelvis bone was fractured in four places and the boy will be compelled to remain in a plaster cast for several weeks. The boy is now thought to be out of danger which will be good news to the many friends of Dr. and Mrs. Tanner in this city.

A car for every pocketbook—less gas, more power—the Overland, sold by the J. F. Claus Overland Co. Claus will prove this statement.

TWO ARRESTS ON THE CHARGE OF BOOZING.
Jack Wright, colored was arrested by Capt. Roach and Patrolmen Elliott and Moore early Sunday morning on the charge of bootlegging. He was fined \$50 and costs on a city warrant and then Chief Davis remembered that he was still liable to the county on an old charge so he turned him over to Sheriff Graft and Wright will have to either pay that fine or lay it out in the county jail.

MANN-EVANS WEDDING AT WINCHESTER SUNDAY
Ceremony at Sunset is Terminus of Happy "Romance on Horseback"—Other Winchester News Notes.
Winchester, Ill., Aug. 20.—Miss Leslie Ward Evans, the daughter of Mr. and Mrs. Robert Evans, northwest of here, and Robert John Mann of Peoria, were united in marriage Sunday evening and thus was brought to a happy consummation a romance which had a noteworthy beginning. It was late one afternoon a number of months ago that Miss Evans and Mr. Mann were horseback riding together. During this ride the vows of betrothal were pledged and the agreement was made that a similar journey should precede the marriage ceremony. The couple left accordingly late Sunday afternoon and their horses were seen approaching the Evans home just at sunset. The Rev. C. W. Caseley met them at the gate and the three went within to the wedding music from Lohengrin, played by Miss Rhea Richardson and it was in the large living room, in the presence of fifty friends, that the pastor spoke the words which made the couple husband and wife.

The bride was gowned in a velvet riding habit of blue and wore a hat to match. The groom wore the S. S. army uniform. After the guests had joined in words of congratulation and well wishing each was served with delicious refreshments.
The bride is a young woman of especial talent and charm. She attended the local schools and finished her education at the University of Illinois and has been one of the successful teachers of Scott county. The groom recently received a Lieutenant's commission in the engineering corps.
Lieut. and Mrs. Evans left Monday afternoon for St. Louis. From there they will go to Savannah and then to Atlanta, Ga., where the former will rejoin his company.

More Drafted Men Called.
The first third of the one hundred and fifty men summoned for examination, appeared for examination Monday. Seventeen of the fifty were rejected.

Miss Cecil Christison left Monday for Lake Geneva, Wis., to attend a conference.
J. O. Priest and family and C. N. Priest and family were here from Jacksonville Sunday to attend the Mann-Evans wedding.

Mason Funeral Sunday.
The funeral of Richard Mason was held Sunday at 12:30 o'clock. The funeral party waited for the cortege of Mrs. Mary Cooper, sister of Mr. Mason, whose death occurred the same evening, to arrive from Manchester. Elder John Coats gave a brief but comforting talk and the body was laid to rest in Winchester cemetery, with the two caskets side by side. The bearers for the body of Mrs. Cooper were from Manchester. The bearers for Mr. Mason were Nathan Wallace, George Lashmet, Arthur Mason, Oliver Woodall, Frank Mason and Mr. McDonald.

D. E. Kennedy was attending to business Monday in Woodson.

RETURN TO WESTERN HOME
Mr. and Mrs. Carl Henze and family who have been visiting Mr. Henze's parents on North Church Street for the past two months have returned to their home in Portland, Oregon. A family reunion was held at the Henze home recently in their honor.

Dr. and Mrs. J. E. Connolly and two sons, Edwin and Harold, and Mr. and Mrs. Harry Beets and son, Charles, of Covington, Ky., who have been the guests of Dr. J. S. Torney and family of West Morton avenue, returned to their home Sunday. Dr. Connolly is a brother of Mrs. Torney. They made the trip in Dr. Connolly's seven passenger viaynes car.

A LARGE FUNERAL.
Mr. and Mrs. Max Gering of this city attended the funeral of Harvey McHenry at Mt. Olive, above Chandlerville. It was a funeral largely attended and was in charge of three Masonic lodges, Athens, Chandlerville and Petersburg.

Miss Golda Elliott, of the office force at Waddell's has returned from a vacation, a part of which she spent with friends in Springfield.

A HANDSOME CAR.
One of the finest cars which has been brought to Jacksonville is the Hudson limousine recently sold to Frank Elliott by R. T. Cassell. The car is very handsome in design and has all the improvements which the Hudson Co. offers.

Miss Bernice Redding, who has been in Chicago at the millinery markets, is in the city for a few days before proceeding to Traer, Ia., to take her place as trimmer.

VISITORS FROM CHAPIN.
Among recent auto visitors in Jacksonville from Chapin were Miss Ruth Funk, Mrs. Frank Hamilton, Miss Adelia Hamilton, W. N. Bobbitt and family, R. D. Omer and family, Mr. and Mrs. Monte Funk, Andrew Allen and family and H. O. Smith and family.

Mrs. W. E. Wood and three children and Miss Ada Rogers of Springfield are visiting at the home of N. A. Branoin, of East College avenue.

BELGIAN MISSION ARRIVES IN NEW YORK.
New York, Aug. 20.—The Belgian war mission to the United States arrived in this city late tonight from Philadelphia. The official welcome will take place tomorrow at City Hall.

APPEAL TO AMERICANS.
New York, Aug. 20.—An appeal to American people to do their utmost in "stamping out sedition in the U. S." was issued today by the American Defense Society.

Social Events
Surprise Dinner for Birthday Anniversary
Sunday was the 65th anniversary of the birth of Albert Riggs of Murrayville and his children planned a surprise in honor of the event. The children and their families gathered at the family home at 10 o'clock Sunday morning taking with them well filled baskets. At noon a bounteous dinner was served on tables which were placed under the trees on the lawn. During the afternoon Robert Riggs of Jacksonville took two views of the gathering. One embraced the entire company and the other was of the father and mother and their seven children, four sons and three daughters, Walter Riggs, of Murrayville, Herbert Riggs of Ceres, George Riggs of Jacksonville, Charles Riggs of Jacksonville, Ida, Mrs. B. C. Kitner of Jacksonville, Sadie, Mrs. Kate Milson of Murrayville and Clara, Mrs. Clifford Kitner of Murrayville.

MATRIMONIAL
Young-McDonald
Ivan Young and Miss Thelma McDonald were married Saturday morning at 9:30 o'clock at the parsonage of Centenary M. E. church, the Rev. E. L. Fletcher performing the ceremony. Mrs. Lena Colburn and Miss Ruth Davis accompanied the couple. Mr. and Mrs. Young left later in the day for Greenfield and Palmyra and after their return to this city will make their home with the parents of the groom, Mr. and Mrs. Elmer Young of East Independence avenue.
The bride, who is the daughter of Mr. and Mrs. N. B. McDonald, southwest of the city, is a young woman whose many charms of person and manner have secured for her many friends. The groom is a young man of steady habits and straightforward character, well respected by all who knew him. For some time he has been in the employ of the Jacksonville Transfer Co.

WITH THE SICK
Mrs. O. I. Milburn of 914 South Main street is a patient at Our Savior's hospital suffering from an attack of typhoid fever caused from an ulcerated tooth.
Miss Della Newby, who has been at Our Savior's Hospital since Thursday as the result of a stroke of apoplexy, is very much improved in condition.

ANNOUNCEMENT
I hereby announce my candidacy for the nomination for the office of county commissioner, subject to the decision of the Republican primary, September 12, 1917.
EPED J. SCHOLFIELD.

BOSTON WELCOMES CIVIL WAR VETERANS
Boston, Aug. 20.—Thousands of veterans of the Civil war and their families, here to attend the fifty-first national encampment of the Grand Army of the Republic, were officially welcomed to the city tonight by Governor McCall and Mayor Curley. Other speakers included Commander-in-chief Patters, of Pittsburgh. Plans virtually are complete for the parade tomorrow.

SERBIAN CITY PARTLY DESTROYED
Corfu, Aug. 20.—One quarter of the Serbian city of Monastir has been destroyed by fire caused by a Bulgarian bombardment. The Serbian press announces. The number of victims has not been ascertained.
The statement says that on Saturday the Bulgarians bombarded the city more violently than ever, firing some 2,000 shells. There was no reason for the bombardment as no fighting was in progress.

ALL RECORDS BROKEN.
Washington, Aug. 20.—All records for iron ore production in the United States were broken in 1916 when the output reached a total of 75,167,672 gross tons, valued at approximately \$180,000,000, according to figures issued by the geological survey today. This was an increase in quantity of 19,600,000 gross tons and of forty per cent in value over 1915.
Three states, Minnesota, Michigan and Alabama, as usual, were the greatest producers.

STATEMENT EXPECTED SOON.
Washington, Aug. 20.—A new definite statement of the administration's interpretation of the exemption of married men and those with dependents is expected within the next few days. President Wilson has taken up the question and probably will settle the problem himself.

FOOD SITUATION SERIOUS
Copenhagen, Aug. 20.—The food situation in Hungary has led the Hungarian minister of justice to order the clearing out of short term prisoners in the jails, according to advices received here. Arrests also are to be reduced to a minimum. The minister does not desire to submit prisoners to unnecessary suffering because of inadequate prison fare.

IMPORTATIONS FALL.
New York, Aug. 20.—A compilation of the National City Banks, showed importations of foreign "bills" for the fiscal year of 1917 had fallen \$13,000,000 compared with importations in 1914. The decline was attributed to an advance in prices of from 33 to 50 per cent since was was declared.

STRIKE STILL UNSETTLED.
London, Aug. 20.—Altho the matter is still unsettled, the general belief late tonight was that a strike of railroad men has been averted after a meeting this evening, the secretary of the Associated Society of Locomotive Engineers and Firemen said certain events had occurred during the day leading to the belief that a way might be found out of the impasse thru the society obtaining certain written assurances.

TWO MEET DEATH IN BURNING AIRPLANE
Instructor and Pupil Die When Machine Catches Fire—Were Practicing Bomb Throwing
Buffalo, N. Y., Aug. 20.—Charles A. Wall, Jr., and Richard H. Mead were burned to death here late today when an airplane in which they were throwing bombs caught fire in the air. Both men were dead when the destroyed airplane fell to the ground.
Wall was a civil engineer in training for aviation service. Mead was an aviation instructor who came to Buffalo recently from the training camp at Mineola, L. I.
Wall and Mead had gone up about 700 feet to test a new bomb, which had been offered to the government for work in spotting gun positions. They released one of the bombs, which burst into smoke at a safe distance below the machine. Wall then dropped a second bomb and almost immediately the airplane was ablaze.
Mead, who was driving, pointed the nose of the machine downward, apparently in an effort to get to earth while there yet was time to escape the flames. But when the blazing machine dropped the men were found burnt beyond recognition.

Wall was 22 years old and was the son of a Buffalo physician. Mead was 27 years old. His home was in Boston.

DISCUSS WHEAT POSSIBILITIES.
Indianapolis, Aug. 20.—The part Indiana, Ohio, Michigan, Illinois, Kentucky and Wisconsin shall play in bringing the wheat production of the United States to the one billion bushel mark next year was discussed here today at a meeting of workers of the department of agriculture and representatives from the various states. The meeting also discussed increasing the rye production.

CONFIRM NOMINATIONS.
Washington, Aug. 20.—Without opposition the senate today confirmed nominations of former Representative Victor Murdock of Kansas to the federal trade commission and all except two of nearly 200 major generals and brigadier generals recently named by President Wilson.

Miss Frances Cox, who recently resigned her position as children's librarian at the Jacksonville Public library, left Sunday night for her home in Sandwich, Ill.

FORMER RESIDENT HERE IN ENGLISH ARMY

Samuel Walsh Who Enlisted With Canadian Forces Writes To Uncle About Soldier's Life at Front:

Samuel A. Thompson of this city has a nephew, Samuel Wallington Walsh, who is with the English troops in France. The soldier, who enlisted with a Canadian company at Moose Jaw, has been in the service for a number of months. He was wounded April 17th and was in a hospital for a time. His uncle receives occasional letters from him and some matters of general interest are taken from the last letter received. The soldier is a son of Mr. and Mrs. William Walsh, who lived in Jacksonville twenty years ago, the father being at that time a fireman on the J. S. E. railroad. Paragraphs from the letter are as follows:

Shot In Shoulder.
Dear Uncle:
Just a line in answer to your last letter. It was a long time on the road but got here at last. They move us around so much that our mail takes about twice as long to get here. Well, I am not as badly wounded as you think. I got hit in the shoulder but it didn't go through. If it had I would be in a hospital yet. It was only a flesh wound and soon got better. I left the hospital nearly two months ago and am now at my reserve battery. I think they will be sending me back to France soon.

It is as you say, the Canadian boys have something to be proud of. That Vimy Ridge fight is not the only one they have won. They surely have done their bit in this war and I hope we don't have to do any more. I would like to see peace by Christmas and everybody else would too. There is nothing I would like better than to sit down to mother's table at Christmas dinner and have a good feed. I will tell you what we had last year and all about it. I was in the front line trench on post. We had to do three hours at a time. Well, I was on post, it was about one o'clock and raining and snowing at the same time. I was wet then and up to my knees in mud and water.

Rations Not Heavy.
They brought my dinner. It was "mulligan." It had been hot once but cold when I got it. One loaf of bread between ten men to last 24 hours with no butter, a bit of cold tea with all kinds of sand in for sugar and the only thing different than the rest of the meals was the plum pudding. It was good but a fellow would have to have a strong glass to find it. That was my last Christmas dinner and really, if I could not do better than that at home I would join the army again and not say a word. There are lots of things I don't like about soldiering but the worst is grub. As soon as we get a pay we go and spend it for a good feed, and there is only about one feed on the pay I get. They only give me one pound a pay and I have to live on that for two weeks. By the time I have a meal and buy some tobacco my pound is gone. I would get more but I signed most of it to mother, she needs it more than I do.

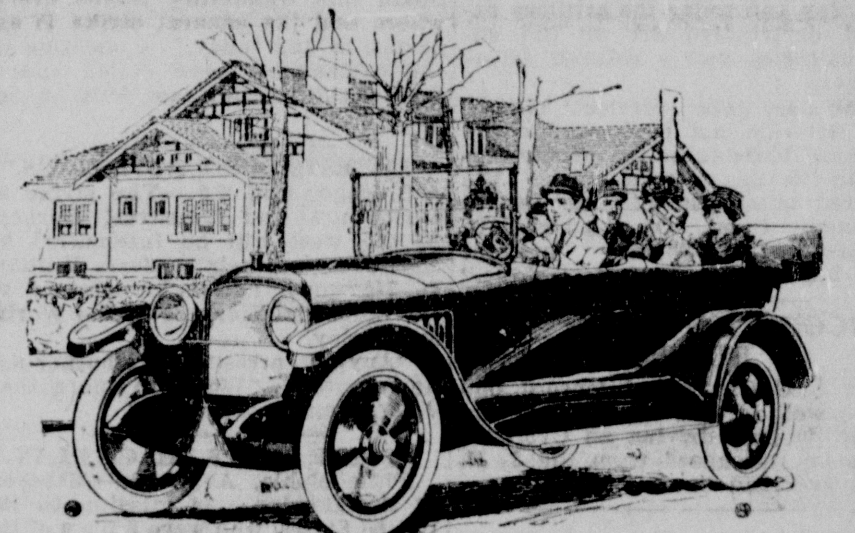

Well, uncle, I am writing this in the jail. I am not in as a prisoner but as a guard and it is raining hard. I hope it clears off soon because I have to go on sentry soon. I don't like to get wet because I have no chance to get dry until tomorrow night.

Will close now, hoping to hear from you soon. I remain your nephew,
S. W. Walsh.

Annual watermelon picnic, Woodson, Aug. 29th.

WHITE HALL CHAUTAUQUA.

The White Hall Chautauqua association has announced the week of Aug. 26 to Sept. 2 as the date of their annual assembly. The program as announced is one of unusual merit. Ex-President Taft and William J. Bryan being among those who will appear.

—YOUNGBLOOD—

Sunday visitors at the home of Mr. and Mrs. Gus Henry were Mr. and Mrs. Rex Ranson, Woodson; Mr. and Mrs. A. C. Reid of Jacksonville; Mr. and Mrs. Roy Kelly, Pisgah; Mr. and Mrs. C. H. Story and Mrs. Martha Story, Jacksonville, and Earl Bends, Murrayville.

Mr. and Mrs. Scott of Waverly spent Friday here with Mr. and Mrs. Thomas Miner.

Quite a number from this vicinity attended the picnic at Franklin, the one at Murrayville Friday and the Robinson show at Jacksonville Friday.

Thomas Miner has recently purchased a Ford car.

Mrs. Harry Fanning and children have been spending most of the week with Mrs. Fanning's parents, Mr. and Mrs. Isaac Crabtree of South Jacksonville.

Squire F. L. Hungerford had an unusual number of replevin suits in his court Friday and Saturday.

Rev. N. M. Antrobus filled his appointment at the Baptist church Saturday and Sunday.

U. S. ARMY MAN HERE FOR RECRUITS

Ralph L. Dunlap, postmaster, has received a letter from Sergeant William J. Hanson of Springfield, stating that he will be in Jacksonville today seeking recruits for the U. S. army. Unmarried men between the ages of 18 and 40 years will be accepted for infantry, field artillery, medical department and aviation section of the signal corps for the regular army. Applications will also be accepted for the national guard and the new national army. Information may be had on application at the postoffice.

If you are looking for something in a new tie to wear to the chautauqua, see Tomlinson's west window.

RAIN AT PRENTICE

Prentice and vicinity was visited by a heavy rain late Monday afternoon. A good rain also fell at Sinclair which was of great benefit to the crops.

PUBLIC HEARINGS
ON COAL SUSPENDED

Justice Carter, Coal Director, Will Submit His Findings in Writing Later

Chicago, Aug. 20—Public hearings which were started here last Friday by Justice O. N. Carter, coal director for Illinois, to attempt a fixing of prices of fuel at the mine mouth were suspended late today. Justice Carter announced he would later submit his findings in writing.

The state council of defense was asked by Justice Carter this afternoon to submit conclusions on what officials of that body considered a fair price for coal on a ten per cent profit basis. He asserted this information was desired merely as evidence.

Meantime, he said, the state would welcome federal co-operation. This he asserted likewise was the wish of Governor Frank O. Lowden. Samuel Insull, chairman of the state council of defense, has started an investigation to determine how the name of L. W. Bracken, secretary of the federal trade commission was appended to a telegram sent last week to Dr. F. C. Honnold, spokesman for the coal operators, in which the operators were told to "stand pat."

In the telegram the commission was stated to be opposed to any state action unless it would conform strictly to the federal body's desires. Mr. Bracken has denied he signed such a telegram. Dr. Honnold declared if there was forgery it was committed in Washington.

OFFICIAL BELGIAN

Paris, Aug. 20—The Belgian official statement as issued thru the French war office tonight, reads as follows:

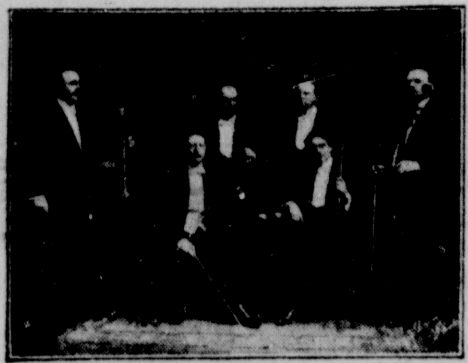

"On the night of the 17th and 18th our patrols combatted advance elements on the left bank of the Yser and Saint Jacques Capelle Yesterday and today the artillery executed destructive fire on the enemy batteries and neutralized several others.

"The aviation service showed great activity last week despite the continual barrage of the enemy, operating in dense formations. We executed numerous missions above the enemy lines. On the sixteenth Sub-Lieutenant Thierry brought down his seventh German machine."

JURY RECOGNIZES
UNWRITTEN LAW

LONDON, Aug. 20—The "unwritten law" whereby a man may kill his wife's seducer, was recognized by an English jury today almost for the first time within the recollection of the English public.

"Justifiable homicide in self-defense was the verdict rendered by a London coroner's jury in the case of Lieutenant Douglas Malcolm, who shot and killed a foreigner, Anton Laumberg, styling himself 'Count DeBorch'."

Lieutenant Malcolm, who was a wealthy young merchant before the war, returned on leave from France and found his wife with the so-called count and later challenged him to a duel, but the "count" ignored the challenge. Malcolm visited the "count's" London lodgings, and other lodgers testified to hearing a struggle followed by a revolver shot. They found the "count" dead.

After leaving the premises, Malcolm surrendered to the first policeman he met. He testified before the coroner's jury relative to DeBorch's action but did not suggest self-defense in killing the man. Malcolm's wife admitted her delinquency.

It developed that "DeBorch" was for a brief period in service with the officers' training corps, but that he was under police suspicion of being an international spy, and was listed by the police as a professional spy.

GOVERNMENT LETS
LARGE SUGAR CONTRACT

Washington, Aug. 20—Contracts for 100,000 tons of sugar have just been placed by the government for army and navy requirements at a price to be fixed by the food administration. At the present market price the order will total between \$12,000,000 and \$15,000,000.

TO END STRIKE

Madrid, Aug. 20—Official news has been received from thruout Spain that tranquility reigns everywhere and the general strike is expected to end today. A meeting of the cabinet has been called and it is thought martial law will be annulled.

"ARRESTS DON'T BOTHER US."

Chicago, Aug. 20—The strike of agricultural and industrial workers in the west will be intensified by the arrest of their leaders, William D. Haywood, national secretary of the Industrial Workers of the World, said today.

"Anyway, arrests don't bother us," he asserted. "We have more than 2,000 men in jail now."

OPPOSE POPE'S PEACE PLAN.

Philadelphia, Aug. 20—Members of the Belgian war mission to the United States, who were guests of the city today, voiced their opposition to the Pope's peace plan and intimated the plea had its inspiration in Berlin. "We must fight on," said General LeClercq, a veteran of Liege. "German militarism would enslave the world. We shall have enduring peace after a little while. But this is not possible by arbitration."

PRIVATE HOSPITAL RAIDED.

Petrograd, Aug. 20—A private hospital in the center of the city, which was raided today proved to be the headquarters of a German espionage organization. A patient admitted he was a German lieutenant.

SHIPPING BOARD TO ASK
FOR BILLION DOLLARS

Amount Needed To Complete Building Program

Contracts to be Soon Placed for Fleet of Fabricated Steel Ships—Wilson's Approval of Request to be Asked Immediately

Washington, Aug. 20—A billion dollars probably will be the sum asked of congress by the shipping board for completion of its 18-month building program.

Contracts soon to be placed for a great fleet of fabricated steel ships, ordinary contracts about to be let and the cost of commandeering ships under construction, it was learned today, will send the total far above the \$500,000,000 additional estimated by the old board. President Wilson's approval of the request for the appropriation will be sought immediately.

The board already has been given three quarters of a billion dollars, all of which has gone into contracts and the purchase of ships. The billion more sought is needed before the board can proceed with its program.

Contracts to be Placed
Contracts for government-owned fabricating plants will be placed within a few days. The submarine boat corporation and the American International Corporation, it is understood, will construct the plants for the government and will be given contracts for building ships in them. Foreign vessels now building in American yards, which have been commandeered along with ships under construction for the American flag, probably will be retained by the American government. The question of the final disposition of the British hulls has been a subject of prolonged negotiations with the British government, which, it is understood, now has agreed that the U. S. is to pay for their completion and put them under the American flag.

Plan Operating Department

The shipping board's plans for an operating department have been completed and will be made public as soon as the name of a man to head it can be announced. This probably will be within a few days.

The board, it was learned today, will name for the place a railroad man who perhaps will be chosen from a number suggested in the middle-west. Under the operating director there will be three directors of shipping, one to handle traffic on the Atlantic, another on the Pacific and a third in charge of vessels in the south and central American trade.

SOCIALISTS TO MEET

Copenhagen, Aug. 20—The socialists of the central powers will meet in Vienna August 28 to discuss the international situation.

RUSSIA HAS NEW LAW
GOVERNING DIVORCE

Measure Goes Farther Than Divorce Law of Many of Europe's Progressive States—Procedure Simplified.

Petrograd, Aug. — (Correspondence of The Associated Press)—The synodal commission for the reconstruction of divorce legislation has completed its project of reform.

Under the existing law divorce is exceedingly costly and impossible to obtain except for special grounds. The new law will facilitate divorce, cheapen it, increase the number of grounds for which it may be granted and simplify the procedure. The law will give equal rights to husbands and wives thus going farther than the divorce law of many of Europe's progressive states.

Either husband or wife may apply for divorce on the following grounds: Attempt against life or infliction of such injuries as cause serious bodily harm; incurable defacement of the features, or other material injury to health; bigamy, which remains a punishable offense; inducement or compulsion of the wife to lead an immoral life, or profiting by the husband therefrom. A husband guilty of either of the latter offences loses the right of divorcing his wife for unfaithfulness. A husband or wife also may be divorced in case of sentence to imprisonment or reformatory.

In the matter of facility the new law remains far behind the legislation of many American states and of certain European countries such as Sweden, where declaration by both parties, or proof by one that life as husband and wife has become intolerable is sufficient ground for divorce.

SEEMING CONTRADICTION
IN NEWS EXPLAINED

Rotterdam, Netherlands, Aug.—The seeming contradiction between the news of continued deportations in Belgium, and German declarations that no deportations to Germany have taken place since February last, apparently is to be explained by the fact that deported Belgians are now being sent to work behind the lines on the western front, in the repair of roads, the laying of railroads and construction works of defense. Instead of the former economic pretext, military grounds are put forward to justify these measures.

The fresh deportations began in the region of Luxembourg and Hainaut, according to a correspondent of the Nieuwe Rotterdam Courant. In the former case the entire male population was transported to the neighborhood to the front in northern France. The social standing of the men was not considered. This seems to be the case at other places, too. People in Belgium fear these fresh deportations will be increased.

Miss Lina Gibson of Murphysboro is visiting relatives in the city.

FIRE THREATENS TO
WIPE OUT BUSINESS
SECTION OF TALLULA

Early Morning Blaze Spreads Rapidly

Flames of Unknown Origin Broke Out in West Part of Village at 2 A. M. — Eight Buildings Destroyed — Fire Still Raging at Early Hour — Calls for Help Sent Local Officials.

A fire of unknown origin which broke out in the west end of the Tallula business section about 2 o'clock this (Tuesday) morning, spread rapidly and soon the entire south block of the business street was in flames.

Plumber's restaurant and Hussman's Hardware store were among the first buildings to go. A short time after the fire began eight buildings were involved and at 2:30 o'clock it seemed that the flames would jump across the street and that the entire business section would be wiped out.

Telephone communications were all down a few minutes after the flames broke out and the exact progress of the fire was therefore hard to learn. By telegraph it was ascertained that by aid had been sent to Petersburg and Mason City, and that Petersburg had promised to send a chemical fire apparatus.

A call was sent to Jacksonville for aid and it was this message coming over the C. & A. wire that brought the first intelligence that Tallula was burning. The question of sending apparatus to the stricken town was referred to Commissioner Martin, but the sending of such help was found to be impossible.

The block which was the first to go included, besides the restaurant, hardware store and one of the banks, Finney's drug store and another mercantile business. These buildings were each totally consumed.

Tallula was visited by a serious fire but two years ago. At this time a good share of the business section was wiped out, most of the buildings burned being on the south side, the scene of this morning's blaze.

PLAN TO MAINTAIN
PEACE AFTER WAR

Resolution Adopted by Conference of Lawyers in London Expresses Desire to Assist in Effort—Nations Agree on One Point

London, July — (Correspondence of The Associated Press) — Desire to assist in formulating "a practicable plan in accordance with the principle of the League of Nations, to maintain international peace and justice after the war," was expressed in a resolution adopted by a conference of lawyers recently held here.

Lord Parmoor in his opening address said he would like to see the question directly considered as to which of the nations at war are prepared to adopt some common international arrangement in order to prevent as far as possible, any recurrence of such a war as the present one. This, he said, would be a fairly effective test of the real position.

Baron Buckmaster of Cheddington, formerly Lord High Chancellor, said it was exactly three years ago since Austria delivered the ultimatum to Serbia which had led to the conflagration in which the world was being fast consumed. It arose out of a murder which was easily susceptible of adjustment by a body of fair minded men. Yet that one murder had cost the murder of millions, and millions more would yet be led to the sacrifice. Out of this welter of strife, in which no single point of agreement seemed capable being reached there was one point, he said, on which all were agreed, and that was when this war ended we must make conditions which would prevent it ever recurring. If any power imagined this security could be gained by crushing its adversaries, it was doomed to pitiable failure. The peoples, he said would universally accept the idea of a League of Nations.

Lord Shaw expressed the opinion that armaments beyond those necessary for the maintenance of order within the state and for the national quota towards the international force should be an offence against the executive power of the League.

Other speakers discussed the machinery of an international tribunal which should have authority to decide international questions, and to enforce its decisions.

Sir Walter Phillimore hoped there would be a Geneva Constitution or a Hague conference on a much larger and better scale and that a League would be formed in which every nation that was a party to the treaty would at least have the opportunity of joining, and to which those few nations not necessarily parties to the treaty might accede.

CONFERENCE PROGRAM
IS OUTLINED

Meeting of Methodists at Champaign Will Last Thru Week

A letter from Rev. C. R. Morrison was printed Sunday giving facts about the M. E. conference which will be held at Champaign Sept. 4 to 1.

The meeting of the board of examiners will be held the morning of the first day. In the afternoon the sessions will be opened by an address by Dean J. L. Birney of the Boston School of Theology. The organization meeting will be held Wednesday, September 5.

The tenth annual meeting of the Laymen's Association will be held Friday and Saturday, September 7 and 8.

Tuesday, Sept. 4
In the evening of the first day Secretary F. M. North will address the conference on the anniversary of the Board of Foreign Missions.

Wednesday, Sept. 5
Organization at 9:30 and Memorial address by M. C. Coleman. The committees will meet in the afternoon. Addresses by Dean Birney and other prominent Methodists. The joint anniversary of the Board of Home Mission, Church Extension and the Epworth league will be held in the evening with addresses by Secretaries Melvin P. Burns and Wilbur F. Sheridan.

Thursday, Sept. 6
Addresses in the afternoon and evening by Dean Birney and Rev. W. R. Wedderspoon of Chicago.

Friday, Sept. 7
The tenth annual educational banquet will be held at 5:30 with an address by J. C. Baker and Bishop Nicholson.

Saturday, Sept. 8
Dean Birney will address the conference in the morning. The joint anniversary of the Board of Temperance and the Freeman's Aid society will be held in the evening with addresses by Secretaries C. T. Wilson and P. J. Maveety.

Sunday, Sept. 9
The morning sermon will be delivered by Bishop Nicholson and the missionary sermon in the afternoon by G. W. Flagg.

7:45—Anniversary of the Board of Sunday schools. Address by Secretary Edgar Blake.

Monday, Sept. 10
The last day will be taken up by

the conference sessions, and the announcements of assignments.

C. F. DUCKETT OF

PEORIA MACHINIST DROWNED IN LAKE

Peoria, Ill., Aug. 20.—Clarence S. Moon, Peoria machinist, was drowned Monday afternoon in the upper waters of Peoria lake. Moon had been riding the waves in the wake of a river steamer and dove from his boat into water filled with tangled river grasses. His body was recovered an hour later almost completely entangled in the grass. The young Peorian was a member of a party of five young men who had just begun a week's outing at a cottage above Peoria.

SIX SONS WEIGHED 1210.
The six sons of Cyrus Cook were weighed recently and tipped the scales at 1210 pounds, over 201 each.

It is very seldom that one sees such robust men as these and it is very unusual to see six brothers together. They acted as pallbearers at the funeral of their uncle, D. W. Cook, Friday afternoon.

PROBATE COURT.
In the estate of Thomas McLamar the report filed by the executor was approved.

In the estate of Christopher Kavanaugh, report of Mrs. Catherine Kavanaugh, executrix, was filed and approved and she was excused from making further report until an order of the court.

Sunday was a great day at the Jacksonville chautauqua. Monday, with one of the nation's leading humorists on the program and with a Hawaiian troupe of rare ability furnishing music, was not behind. Gov. J. Frank Hanly, an orator whose fame is country wide, will make the Tuesday program equal to the best. The attendance Sunday, was said to be the largest in the history of the Jacksonville assembly and at the morning service there were twice as many as was the case last year.

The annual meeting of the chautauqua association will be held Friday afternoon in the big tent at the close of the performance. All those who have subscribed tickets for the 1918 assembly are members of the association and are expected to be present and to vote at this time.

A Homely Philosopher.
One of the best entertainments of the chautauqua series was given by the humorist, Ralph Parlette, Monday afternoon. His humor was of that all-prevailing sort that grows upon the hearer until he feels himself in accord with the speaker's big hearted eloquence. Jacksonville people have had few opportunities to hear such pleasing music as that given by the Royal Hawaiian Singers, the only company in America composed of native born Hawaiians. The ukulele was used by them with exquisite skill and their voice numbers, to judge by the ovation given the troupe Monday night, were harmony, itself.

An interesting talk on Hawaii the islands and the people, was made by G. Keoloha Gilman, the leader of the party, and the fact was brought out that the Territory of Hawaii, is not one whit behind the rest of the union in point of education, wealth or patriotism.

Patriotic Hawaii.
Oahu college, in the city of Honolulu, "the oldest college west of the Mississippi," was founded by missionaries who went to Hawaii in 1820, and the educational standards of that school are of the highest. Ten thousand young men from the islands have volunteered for service in the armies and navies of the nation and Hawaii contribution to the Red Cross totaled \$2,000,000.

An interesting feature of the evening program was the explanation of the "Hawaiian leis" replicas of which are worn by each of the company. These wreaths of native flowers are given the traveler as a token of welcome and are presented the departing traveler also.

The Army Y. M. C. A. Work.
The marvelous work of the army Y. M. C. A. was related in straight forward manner by Paul Willis, who spoke Monday evening at the close of the musical program. "We must prepare for a struggle long and arduous," said Mr. Willis, "for Germany is a

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. M. HODES

Ashland, Ill. Phone 85

country whose large resources of men and wealth are being exhausted all too slowly.

"Troops in active duty are subject to many temptations, which tend to lessen their abilities and take away from their efficacy as fighting men. I, for one, do not approve of cigarettes for the soldiers and there are good many officers who will disagree with me. No business man habit; why should the rule be otherwise in the service of the Nation? The church is the greatest organization on earth for from it flow so many streams of usefulness. Home-sickness and gloom are the worst things a soldier can have visit him and it is to avoid these and to keep the men happy, well entertained, pure and good—it is this invaluable work that the Army Y. M. C. A. is doing so well."

The failure of Rabbi Wolsey to come for his chautauqua engagement Sunday is still explained. The Chautauqua committee fully expected a telegram Sunday but nothing was heard from the Rabbi that day or Monday.

The Program Sunday.
The first Sunday of the Chautauqua witnessed the largest attendance of that day in the history of the enterprise and fully twice as many were present at the morning services as were present last year. Rev. M. L. Pontius delivered a fine sermon and in the afternoon and evening Yeck's concert band furnished music of a rare quality and great variety, affording much satisfaction. In the absence of Rabbi Wolsey Mr. Pontius ably gave the afternoon address and in the evening Miss Margaret Stahl gave a fine reading followed by a repetition of the moving pictures.

The sermon of Rev. M. L. Pontius was an able effort. His theme was "The New Civilization" and his text was Rev. 5:1, "Behold I make all things new." A few extracts only are possible.

This is an important day; the die is cast and we have entered into the great world war. It is definitely a conflict between democracy and autocracy; civilization and barbarity; Christianity and heartless cruelty. It is now a crime second only to treason to handicap the government in any way either by criticism or overt act. In life there are four stages, growth, maturity, decline and death. Some say they are opposed to crossing the sea to fight but I say this battle is not between the forces of Europe merely; it is a battle for the life or death of democracy, freedom, advancement and civilization. It is for the very life of our own land against the greed of a government which would absorb the world if possible. We are not fighting the people of any foreign land but the government of Prussianism which would oppress the whole earth if it succeeds in the conflict.

Achieving Brotherhood.
The history of the world shows that thru war, sacrifice and suffering, new civilizations and brotherhoods have been achieved. Our president has truly said that this is not a war for conquest; we ask no territory or emolument. The old civilization said be good to friends and punish foes; the new civilization says be good to all. Christ was a brother to all without distinction, even to His enemies. Honesty, sincerity and loyalty should be our characteristics. Honest in word, thought and deed; sincere in all our acts and professions and loyal to truth and righteousness.

With the love of all humanity in our hearts we shall benefit our fellowman. Already has our government driven a relentless foe to liberty out of Cuba; it has been of inestimable value in the Philippines, Porto Rico and the Hawaiian Islands and has set a noble example in returning the indemnity to China to be used for the welfare and education of her young men. So the new civilization will have the love of Christ as the corner stone while love for all will dominate every ruling motive of mankind.

After dinner the audience was favored with a concert by Yeck's concert band and it was every way satisfactory. The repertoire consisted of selections patriotic, classical, humorous and every way suited to the occasion.

At the close Manager Gilbert announced that he had on hand something which makes men in his position turn grey. The speaker of the occasion, Rabbi Wolsey, had not appeared nor had any kind of a word been received from him so there was no knowing whether he had been translated, waylaid, met with an accident or what. He said Jacksonville was fortunate in having in her midst men equal to any occasion and Rev. M. L. Pontius had been prevailed on to take the place on only a few minutes notice.

It may only be said that if Mr. Pontius' head isn't turned by the way he was received then he is a man of uncommon modesty and self depreciation. When he rose to speak the audience cheered loudly as if to say, "you are wholly welcome and all the way thru his excellent address cheer followed cheer and was loud at the end and hardly a person left the tent before or during the fine address. It is useless to attempt a report of it and only a few sentences will be attempted. When the enlisted soldier sees the romance of war depart and the stern realities begin but may we not feel that unseen hosts stand guard over him who is fighting for the cause of human liberty, freedom, against brutal despotism.

We are entering upon the dawn of a golden age and opportunities never equalled before are now before us and the man is challenged to make the best possible use of his gifts.

Some Social Problems.
Many social problems press for solution. Many who were married at \$1.25 each must not find divorce so easy as in the past. Charity problems are on us. The man who gives indiscriminately makes a great mistake; the associated charities should

be the clearing house for all money bestowed on benevolence.

Child labor is a sin crying even unto heaven. In the factories of New England children of tender age go early to oil the machinery and get things in order and work till late at night and all for \$2.50 to \$4.50 a week while the general manager gets along on the snug salary of \$100,000 a year and when beneficent laws were passed in their factories sprang up in the south using children at starvation wages. Is it any wonder that such places are the hotbeds of anarchy and nihilism.

The day of idolatry in our land has passed, we claim and yet while we do not worship the golden calf we worship the gold that is in it. The right of suffrage was brought at a great sacrifice and all should exercise it and we should expect of public officials righteousness and industry. The golden age will be here when men live for each other and not for gold; when a man is measured, not by his wealth or fame but by his intrinsic worth.

The speaker was frequently applauded and at the close many crowded forward to take him by the hand and congratulate him while many more said they had suffered no loss by the failure of Rabbi Wolsey to arrive.

Sunday Evening.
The vesper service led by Mr. Finley was well attended and a time of much interest and profit. The singing was led by Mr. Lents and the orchestra led by Mr. Kearns. Scripture was read by Mr. Schofield and then E. P. Gates, field secretary of the Young People's Union made a fine plea for fidelity to duty in all departments of life. No matter where or how we may be situated there is something we can do for the Master, for the government and for society. All should be fully consecrated to the service of the blessed Redeemer.

The Yeck's concert band gave another fine program and then the manager introduced Miss Margaret Stahl, the reader of the evening. The lady possesses a fine voice, has a good appearance and all that goes to make a successful reader. Her selection was unfortunate in its great length but it was finely rendered. The moving picture, "The Soldier's Dream" ended the program of a successful day.

Two Interesting Birds.
Monday on the Chautauqua grounds was a day pleasing to all with the program well carried out. First Prof. Gilbert gave a fine talk this time on hawks and owls. He told of the benefit these creatures are to mankind. The hawk may occasionally appropriate a chicken but they destroy many noxious field mice and other creatures. The owl is a bird which is the farmer's good friend. Its principal subsistence is mice and vermin and he should never be killed or molested. The whole address was full of good advice and useful information given in a pleasing manner.

Miss Newburn took her Tuesday subject for Monday, planning meals. She said there were four special departments in food: protein, fats, carbohydrates and mineral matter and organic acid. Under her first head comes meat, fish, peas, beans, cheese, eggs and milk and she specially extolled milk as a valuable article of diet. Under fats we class lard, butter, bacon, chocolate, etc. Under carbohydrates we have starch macaroni, rice, crackers, cereals, bread, corn starch, etc. Sugar candies, jelly, and dried fruits. Under the mineral matter we have spinach, turnip tops, vegetable greens, cabbage, cauliflower, asparagus and the like, potatoes, etc.

Great care should be had in preparing potatoes. Baking is the best way of all and then remove only the loose skin. When pared to be mashed we lose from 12 to 20 per cent of their value. When we boil beans, peas and the like, use as little water as possible and utilize that in soup or something like it. Oranges, apples, fruits of various kinds furnish the minerals we need and it is the lack of a suitably balanced ration that is responsible for the hookworm of the south and many of the ills to which flesh is heir.

Notes.
The eating pavilion managed by the ladies of the First Christian church is giving fine satisfaction in every way. The menu is excellent and the cafeteria plan is much preferred by both patrons and ladies, who are winning golden opinions. Sunday evening they fed nearly 500 people.

James Terry was over from Quincy to enjoy the chautauqua for a few days.

Strict orders were issued by the park board to all campers not to appropriate benches belonging to the park. They are for others and must not be taken into the tents.

Not as many are enjoying the forenoon exercises as should do. They are very interesting and entertaining. Prof. Gilbert is always pleasing and has something worth hearing and the ladies are good.

Mrs. S. W. Nichols is very grateful to the unknown friend who found her valued blue enameled pin and took it to headquarters. The article was a keepsake and valued very highly.

Special: Some swell silk ties 50c to \$1.50, at Tomlinson's.

STOLEN AUTO RETURNED.

Sunday the police found an automobile hidden in the weeds north of Harrigan's coal yard. It was found that the automobile had been stolen from a man at Pleasant Plains named Carson. It was returned to him by Patrolman Baker yesterday.

J. W. McCULLOUGH DIED AT HOME IN WEST

Deceased Lived in This Locality for a Period of Years—William McCullough of This City a Brother

J. W. McCullough died recently at his home on Newport Road at Santa Ana, Cal. The deceased will be remembered by a number of people in this vicinity and his only surviving brother is William McCullough, 1341 W. Lafayette avenue. The deceased was married to Miss Amanda Prunty of Ashland, who survives him in addition to one daughter, Mrs. C. L. Campbell of Los Angeles and two grandsons, Robert Campbell, who recently enlisted in the U. S. navy, and Allen Campbell, now with the Standard Oil Co. at El Segundo. The funeral was held at the Smith & Tuthill chapel in Santa Ana and the following notice of the funeral is from a Santa Ana paper:

Mr. McCullough passed away Tuesday morning at 8:15 his home on Newport Road. His last illness was only of a few days duration, although he had been quite ill several times recently. His friends in Tustin will miss his cheery optimism, as he always seemed to see the sunny side of life. Mr. McCullough was born and reared at New Brunswick, New Jersey. When a young man he went to the Middle West and remained in Illinois for a number of years; was married while there forty nine years ago, November 17th of this year. His occupation has always been farmer and rancher. Mr. and Mrs. McCullough have lived in California fifteen years. Besides his widow he leaves one daughter, Mrs. C. L. Campbell of Los Angeles and two grandsons, Robert Campbell, who recently enlisted in the U. S. navy, and Allen Campbell, with the Standard Oil Company at El Segundo.

Beautiful floral offerings were sent by the many friends of the family and the chapel was filled with Tustin people who wished to honor his memory.

The two songs, "Face to Face," and "Nearer My God to Thee," were beautifully sung by Miss Jessie Rawlings, accompanied by Mrs. P. H. Ebel.

The funeral services were conducted by Rev. W. S. McDougall. Rev. McDougall's tribute was peculiarly appropriate and feelingly spoken, having been closely associated with Mr. McCullough as one of his most faithful church members.

The pallbearers were: Tustin friends, C. P. Marshall, C. E. Uhl, G. W. Pollard, A. E. Bennett, P. H.

Ebel and W. A. Jones. Interment was at Fairhaven cemetery.

PYTHIAN HOME OFFICER BUYS OVERLAND

The superintendent of the Pythian home at Decatur, Clifton B. Hatch, recently purchased a 7 passenger Overland car from the J. F. Claus Overland Co.

STILL TALK ABOUT SPRINKLING NEEDS

The lack of a sprinkling plan in the business district is still the occasion of a considerable complaint from merchants. There is a division of opinion both among merchants and members of the council about the advisability of using oil in the business district and to further complicate the situation there is a great deal of difficulty this year in securing oil of the right quality for use on bricks, altho plenty of oil is available for earth road purposes. Commissioner Cox has the street flusher used at night about twice a week and washes away a great deal of the dirt from the pavements but this treatment is not sufficient to keep down all the dust. There does not seem to be any relief in sight unless some man comes forward and goes into the sprinkling business. However, those who have

been in this business in the past have not found it especially profitable as there are always some merchants who are willing to pay for the sprinkling only during a limited period of months.

NOTICE!

Anyone holding Premium Coupon Checks will please make deposit of same at the S. W. corner square on Saturday, Aug. 25th. The Armstrong Drug Store.

PLAN FOR SCHOOL OPENING.

Considerable work is in progress at the school for the Blind under the direction of Supt. Montgomery in preparation for the opening of the school year. The pupils are to return for their work Wednesday, Sept. 12. The School for the Deaf will open a week later, Sept. 19, and Supt. Gillett said recently that the indications are for about the average attendance.

A car for every pocketbook — less gas, more power — the Overland, sold by the J. F. Claus Overland Co. Claus will prove this statement.

.. HILLERBY'S .. CLOSING OUT SALE Final Wind-Up Week

We would like to make this our final week. If prices or qualities are interesting to you this ad will save you many dollars. We must soon move the goods. We must get out.

ALL OUR FIXTURES ARE FOR SALE!

You know how the prices of goods have climbed up and they are still climbing. Wool Goods will be like Linens, almost double price this coming winter, keeping track with the prices of wheat, corn and almost everything else. This is not just advertising talk but cold, hard facts. In many cases a merchant can't buy fall goods for our retail prices — then when we sell you at cost and less you begin to realize what we are giving you. We are completely out of some goods, but have the following goods at the prices quoted:

Voiles and figured Summer Dress Materials—21c for all goods worth to 50c yard.	\$1.24 yd. Skimmers Satins in all colors — worth \$1.75 yard.	79c each. Choice of men's or women's Umbrellas — \$1.00 grade.	89c Men's One Button Union Suits — all sizes — \$1.25 grade.	39c each. Stout sizes in women's Corset covers — worth 65c.
98c yd. for Colored Velvets — now worth \$1.50 per yard.	\$1.98 yd. Charmeuse Satins — pink and light blue — \$2.50 grade.	\$1.10 each for \$1.50 Umbrellas — men's or women's.	19c yard Wide stripe Sport Suitings — 25c ones.	25% discount on Keen Cutter Shears and Scissors — you know how they have gone up.
\$1.48 yard All Georgette Crepes — most all colors, \$2.00 grade.	\$1.25 yd. Black Charmeuse Satin — \$1.75 grade.	\$1.98 Women's Silk Umbrellas, dark red and brown changeables, worth \$3.50.	5c yd. White Cotton Crash for dish towels.	\$1.35 pair for choice of any Kid Gloves, all kinds, worth to \$2.50 pair.
48c yard. Striped and figured Wash Silks — 27 in. wide — regularly 75c a yard.	98c yd. All wool Dress Goods worth to \$2.00 per yard — 50 to 54 in. wide.	59c yard White Flouncings — 45 in. wide — regular \$1.25 grade.	15c yd. Curtain Scrim, the 20c grade — white and ecru.	\$2.25 pair. Choice of ladies' 12 or 16 button white suede evening gloves, worth now \$5.00 per pair.

NOTIONS, LACES, EMBROIDERIES, DRESS TRIMMINGS AT MUCH LESS THAN COST!

HANDKERCHIEFS WAY BELOW COST
21c each. Ladies' Initial, all linen, worth now 35c, later price 50c each. Fine Embroidered Handkerchiefs for ladies at lower prices than you'll ever buy them again—21c for 25c ones; 42c for 50c ones; 59c for 75c ones.

5c yd. Colored Cheese Cloths in all light colors—15 yards makes a fine comfort. It's the cheapest thing for cleaning cloths.

25c to 59c yd. Black and white striped Skirtings in Poplin and Gabardines, worth to 85c yard.

THOUSANDS OF OTHER ARTICLES ALL OVER THE STORE AT LESS THAN COST
19c a grab. We find the grab sale so interesting and pleasing to our customers that we are keeping it going. Some boxes have articles in worth \$1.50 and some \$2.00 and everyone worth more than 25c.

HARDIN AVE. WALK AGAIN COUNCIL THEME

Proposal Now is To Construct Side-walk Two Feet From Property Line—Monument Plans Are Approved.

The city council held a session of unusual length Monday morning but most of the time was occupied in discussion relative to Hardin avenue sidewalks.

Soon after the council was called to order Major McDougall on behalf of the Morgan County Monument association presented a resolution signed by himself, Dr. Rammelkamp and S. W. Nichols, reporting the action taken with reference to the selection of design and asking the approval of the council. This resolution set forth that members of the state art commission had made a visit here and had made their report with reference to the most desirable of the models presented and that the association had endorsed the suggestion made. The council by unanimous vote approved the action of the association.

The Monument Plan.
Major McDougall said there had been some comment or criticism with reference to the proposed plan of construction and he asked Dr. Rammelkamp to read a letter received from Pond & Pond, of Chicago, well known architects. This letter went on to say that the writer had examined in a general way the details of the proposed plan of construction for the monument here and that he was positive that the type of construction was admirable. He went on to say that only for sentimental reasons was it necessary to have granite used thruout, and that for a portion of the interior work reinforced concrete would be just as satisfactory.

Commissioner Vasconcellos had nothing to report from his department other than that work in changing valve boxes on Prairie street was in progress, work required by the construction of the new pavement there. Mr. Cox for the department of streets, reported that H. K. Snyder had declined to remove a fence which the city claims is across a portion of city property in the vicinity of North Mauvaisterre street and the Wabash railroad right of way. It was the opinion of the council that this fence should be removed for while the portion of the street mentioned is just now of no value to the public, it would be a dangerous precedent to permit portions of the street to be used for private purposes and fenced in. It was the sense of the council that official notice should be sent thru the city attorney asking Mr. Snyder to remove the fence.

There were no special reports from the departments directed by Mr. Widmayer or Mr. Martin.

The Hardin Avenue Walk.
Ordinances providing for sidewalks on East Lafayette avenue, West Railroad street, West College avenue and West North street were given a second reading and passed. Supt. Gray of the Jacksonville Railway & Light company was present and there was some discussion of problems in connection with the proposed removal of street railway tracks on East State street east of the railroad.

The old discussion of placing of the Hardin avenue sidewalks was taken up for discussion. A motion made by Mr. Widmayer, with a second by Mr. Cox that the walks be located two feet from the property line and curved in such a way that they would tie in with the walk already constructed in front of the Carter property, was defeated. Then a motion was made by Mr. Vasconcellos with a second by Mr. Martin that the walk be constructed two feet from the property line if the property holders will join in paying the cost of a new walk for Mr. Carter. Mr. Heffernan, who represents the opinion of a portion of the property holders, was present and indicated that he and his friends would be willing to pay for the construction of two additional feet for Mr. Carter in order to make the outside line correspond with the new walk. But he was uncertain about their willingness to stand the cost for a new walk in its entirety.

At any rate the ordinance for the walk was passed with the understanding that Mr. Carter is to have a new walk and so that all the walk construction in that block will be on a line. Just how the residents will view this proposition remains to be seen, and meanwhile the question of Hardin avenue sidewalks bids fair to be as much mooted as the water question.

CLAUDE CO. SELLS SEDAN TO DR. MEANS

The J. F. Claus Overland Co. has sold to Dr. W. K. Means of Decatur an Overland sedan. This is rightly termed an all year car and it is very handsome in its lines.

FUNERAL AT NEW BERLIN.
The remains of Edward Blaker who died at the Home Sanitarium Saturday afternoon were sent to New Berlin on the Wabash yesterday and funeral services were held there Monday afternoon and burial made in New Berlin cemetery.

Wanted — An experienced woman to do general housework. Apply 720 West College avenue.

CARD OF THANKS.

We wish to thank the neighbors and friends who so kindly assisted us during our bereavement. Also those who sent flowers.
Henry Linderman and family.

CHURCH WEDDING AT EARLY HOUR MONDAY

Miss Ruth Deters is Bride of William J. Eads—Ceremony Previously Unannounced Came As Surprise To Friends.

The marriage of William J. Eads to Miss Ruth Deters was solemnized at the Church of Our Savior Monday morning at 5:30 o'clock. The ceremony was said by Rev. Father Sloan with only immediate relatives present. The attendants were Miss Lena Mollenbrok and Mr. August Phalen. The nuptial mass prescribed by the church was celebrated and the service was especially impressive.

Immediately after the church ceremony a wedding breakfast was served at the home of the bride's mother, Mrs. Hulda Deters, 1275 South East street. Mr. and Mrs. Eads left on the morning Wabash train for Springfield and from there went to Bloomington, where they will be the guests of friends for several days. The bride wore a traveling suit of blue cloth and carried a bouquet of bride's roses.

Mrs. Eads, as mentioned above, is the daughter of Mrs. Hulda Deters. She attended the Jacksonville high school and since the conclusion of her school work has held an office position. She is altogether a young woman of so many excellent qualities that she is held in very high regard by her friends. Mr. Eads is a valued employee of the Jacksonville Journal Co. and has for several years filled the position of telegraph editor. He is the younger son of Mr. and Mrs. George Eads and is a young man of exceptional character and ability. Both of these young people have high ideals of life and service and doubtless will fill an honored place in the community for many years to come.

The marriage of this bride and groom will come as a surprise to all of their friends, for altho a number knew of the engagement no announcement had been made of the wedding date. The wedding plans were changed somewhat by the fact that Mr. Eads' name was in the first list sent by the Morgan county exemption board to the district board at Springfield. So this young benedict will probably leave Jacksonville at an early date for the army camp at Louisville, Ky. Notwithstanding that possibility the young people have begun their married life very happily and by choice of the bride she will have a husband instead of a sweetheart in the ranks of the army.

DR. SWALES' OVERLAND IS SPECIALLY PAINTED

Very handsome in appearance is the new Overland car just delivered to Dr. W. O. Swales by the J. F. Claus Overland Co. This is a specially painted car and the doctor designated a midnight blue body and cream colored wheels. It is a five passenger and of very nobby appearance.

MORE MEN CALLED FROM MANCHESTER

That Number Summoned in Second Call For Drafted Men—Scott County News Notes.

Manchester, Ill., Aug. 20.—Eleven men have been called from Manchester precinct among the additional number called to complete Scott county's draft quota. The physical examination of those called will be held at Winchester Monday, Tuesday and Wednesday of this week.

Mrs. W. F. Rimbley and daughter, Freda Mae, returned home Sunday after a visit at the home of Mr. and Mrs. Charles Sanders in Jacksonville.

Dr. and Mrs. J. H. Weis went to Alton Saturday where they spent Sunday with Mr. and Mrs. Leon Weis.

The following Manchester people attended the Jacksonville Chautauqua Sunday: E. L. Maine, Miss Mina Greenwalt, Mr. and Mrs. C. D. Chapman and family, Mrs. Hannah Chapman and daughter, Miss Lennie, Mrs. R. H. Walton, Mrs. Alice Wallis and Mrs. W. C. Pearce.

Mrs. E. O. Hess and children are visiting relatives in Jacksonville.

Mrs. Chester Brown and daughter, Doris, of St. Louis, Mo., who have been guests at the home of Mrs. Anna Caldwell, went to Chicago Saturday to visit relatives.

Mr. and Mrs. A. B. Rochester spent Sunday in White Hall at the home of Mrs. Rochester's sister, Mrs. Fred Cunningham and family.

Mr. and Mrs. Roy Curtis are visiting Mrs. Curtis' parents, Mr. and Mrs. Joseph Small and family in Colfax.

Miss May Sherry of Jacksonville was the guest of Miss Carrie Curtis Sunday.

DURBIN

Mrs. Stanley Burns and daughters Doris and Esther, of Montreal, Can., are visiting at the home of Wm. Craig.

Miss Nettie Forney of Falls City, Neb., is visiting her cousin, Mrs. Sadie Darley.

Mr. and Mrs. Wayne Rawlings and baby of Chicago have been at the home of his parents, Mr. and Mrs. J. H. Rawlings the past week. On Monday of this week they all started for Niagara Falls in the new Mitchell six auto recently purchased by J. H. Rawlings.

Mr. and Mrs. Samuel Darley and son, Dawson, and Mr. and Mrs. Thos. Oxley and sons Lawrence and Cecil and daughter, Thelma and Miss Nettie Forney expect to start on an eastern tour by auto the latter part of this week, visiting Niagara Falls enroute.

George Oxley has bought the E. D. Scott farm, Elm Flats, of Robert Smith at \$225 per acre.

Rev. W. H. McGhee and Rev. W. E. Keenan exchanged pulpits Sunday.

MISS VITUM WILL GIVE ADDRESS AT CHAUTAUQUA

Mrs. Lillian I. Danskin received a telegram Monday evening from Miss Harriet Vittum stating that she would be here this evening and would deliver an address in the chautauqua tent at the close of the regular program. It was impossible to give Miss Vittum a place on the regular program but she stated she was willing to follow Governor Hanley. Miss Vittum is the director of the Woman's committee of the National Council of Defense, Illinois division. She is known as a speaker of much force and her message will no doubt be one of interest to Jacksonville people at this time.

William H. Anderson of East College avenue left yesterday for a sojourn of a month at Hot Springs, Ark. Mr. Anderson has been a sufferer from inflammatory rheumatism for a number of years and now has a recurrence of the disease.

6 YEAR'S SEARCH FINALLY REWARDED

Local Woman Finds Long Needed Aid In Tanlac, Troubles Banished

Miss Harriett Deere, well known young woman of Franklin, Ill., near here, believes all her friends should know about Tanlac, the celebrated new medicine. In view of this fact she made the following interesting statement on May 10:

"I had tried many medicines and had even gone to the hospital in an attempt to gain relief from stomach trouble that had bothered me for six years. I couldn't retain food in my stomach at times and invariably after meals I'd feel bloated and generally distressed for several hours."

"I'm just now finishing my first bottle of Tanlac but already my troubles have been greatly relieved. My food agrees with me better now as I don't suffer so much distress after meals any more. I intend to continue using Tanlac and I'm sure it will completely banish my troubles."

Tanlac is now being specially introduced and explained in Jacksonville at the East and West side stores of the Coover-Shreve Drug Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's; in Versailles at A. G. Bates'; in Chapin at F. P. McKinney's; in Roodhouse at W. D. Berry's; in White Hall at the City Drug store; in Bluffs at F. T. Curtis'; in Pittsfield at J. H. Barber & Co.; in Loami at L. M. VanDoren's; in Divernon at E. G. Haug's; in Manchester at C. D. Chapman's; in Winchester at the City Drug Store.—Adv.

MUSTER ROLL OF GRIERSON GUARDS

Squire Henderson Has Document Giving Names of State Militia Company Organized in 1863—George McConnell Captain of Company.

Recent articles with reference to companies raised here at the time of the war of the Rebellion have brought a number of old documents into interest. Squire Henderson has in his possession a muster roll of the Grierson Guards, a company organized on the 29th day of September, 1863. This was a company of the state militia organized under the provision of chapter 70 of the revised statutes entitled "Militia" and approved March 3, 1845, in pursuance of general militia order No. 4, issued from the adjutant general's office on the 7th day of August, 1863. This muster roll which is now worn with age, gives the name, rank, age, occupation, date of enrollment and nativity of all the members of the company. George McConnell was the captain of this company, F. Longley first lieutenant, William Harrison, Jr., second lieutenant, Amos Henderson third lieutenant. The entire roster of the company is given here:

George McConnell, captain, lawyer.

F. Longley, 1st. lieutenant, tailor.

William Harrison, Jr., 2nd. lieutenant cabinet maker.

Amos Henderson, 3rd., lieutenant, clerk.

William T. Reed, sergeant, student.

Wilson S. Coulter, sergeant, artist.

Thomas McElroy, sergeant, agent.

William Capps, sergeant, manufacturer.

John Ruark, corporal, tinner.

James Hurst, corporal, saddler.

John McBride, corporal, clerk.

Stephen B. Gray, corporal, blacksmith.

John Wheeler, fifer, tobaccoconist.

Privates.

Allen Ellis, wagon maker.

Phileas Adkinson, student.

George Bibb, doctor.

Robert Buckthorpe, tailor.

Frank Coulter, clerk.

Daniel Cassell, carpenter.

Charles Cassell, mechanic.

George Calaway, student.

Stephen Capps, merchant.

George Coulston, teacher.

Robert Catherwood, shoemaker.

James Crooks, saddler.

William Dunnivan, wagonmaker.

Thomas H. Ellison, merchant.

Edward P. Fox, farmer.

Falks, printer.

Stephen B. Gray, blacksmith.

George Graves, saddler.

Robert C. Gries, blacksmith.

Charles Goodrick, saddler.

William Hackman, clerk.

George Henderson, saddler.

Perry Henderson, wagonmaker.

Thomas Hunter, student.

Thomas B. Humphrey, student.

Charles Jackson, student.

Edward P. Kirby, lawyer.

John W. King, silversmith.

John Loar, carpenter.

Henry Lightfoot, tinner.

John McBride, clerk.

Thomas B. McCormac, carpenter.

William A. Neill, saddler.

William Pilcher, clerk.

Brown Potts, student.

James Patterson, clerk.

James Potter, saddler.

John Fatmer, farmer.

William Palmer, farmer.

Joseph Reed, saddler.

William S. Richards, saddler.

John Rotger, chair maker.

Henry Rice, carpenter.

George Rutledge, student.

Arthur Stubbs, miller.

John W. Sparks, student.

Junius P. Strong, clerk.

William Smith, clerk.

Edward S. Sanford, sculptor.

Julius Smith, saddler.

Henry B. Shirley, teacher.

W. J. T. Stephens, student.

Walter S. Tandy, tobaccoconist.

Charles Teneyck, agent.

James P. Willard, student.

Frederick G. Hockings, shoemaker.

George Fox, tinner.

John Happy, chair maker.

ANNOUNCEMENT

Dr. James A. Day of Springfield, Ill., will make regular weekly visits to Jacksonville and may be consulted at his office in the building formerly occupied by him as a hospital at 1008 West State St.

He will be at the above address, Wednesday, August 22, from 10:30 a. m. to 5 p. m. and each succeeding Wednesday until further notice.

ALL VETERANS BE THERE.
All old soldiers are reminded of the campfire at the Chautauqua the first thing on the program Wednesday afternoon. There will be a variety of numbers which will doubtless be pleasing to the old boys who are cordially invited to be there.

NOTICE!

N. J. Goss is in the employ of this company and is authorized to take subscriptions, make collections and advertising contracts. Mr. Goss has been in the employ of this company for more than a year.

JACKSONVILLE JOURNAL COMPANY

U. C. T. TEAM DEFEATED SPRINGFIELD TOSSERS

The local U. C. T. baseball team defeated Springfield U. C. T. at Jacksonville State Hospital grounds Saturday afternoon by a score of 5 to 4. The batteries were: Jacksonville, Woodman and Kennedy; Springfield, Martin and Covi. The locals will play a return game in Springfield next Saturday.

U. S. ARMED FORCES NOW TOTAL 943,141

First and Second Draft Will Raise Fighting Strength to 2,130,141—Militia Musters Greatest Number.

A Globe Democrat special from Washington has the following facts about the armed forces of the United States. The figures were authorized by the committee on public information:

All are volunteers. When the 687,000 men, called under the draft law, assemble in training camps the number will be 1,630,141, not including voluntary enlistments between now and the time the draft mobilization begins. A second call for 500,000 men would bring the total to 2,130,141.

"Since the declaration of war," says the announcement, "approximately 1,300,000 men have offered themselves for service in the fighting forces of the country. During the time this country has been a belligerent, 121,514 men have volunteered for service in the navy and marine corps and been accepted. In the regular army the increase since April 1, by voluntary enlistment, has been 190,347, and in the National Guard 136,998; a total of 327,345 enlisted men in the army branches and a grand total of 448,859 in both army and navy.

"Even this figure does not include all who have been accepted for service since the United States entered the war, for there have been additions to the various reserve corps. These figures are not all available. The largest single item is the 27,341 men recently commissioned from the officers' training camps.

"These figures were gathered from the most recent official returns of the army and navy which are available, but especially in the case of the army figures accurately down to the last unit is impossible.

The land forces are as follows:

	Enlisted	Officers
Regular army	6,700	298,996
National Guard	11,000	300,000
Reserve Corps	10,500	55,487
Reserve Corps (from training camps)	27,341	
Totals	55,541	654,483

Total land forces 710,024

The sea forces are as follows:

Regular navy, enlisted men	138,560
Naval Reserves, enlisted men	35,000
Naval Militia in federal service, enlisted men	11,000
Hospital Corps, regular navy enlisted men	6,000
Hospital Corps, Naval Reserves, enlisted men	400
Marine Corps, officers and enlisted men	33,117
Totals	224,077

Approximate number of naval officers 9,040

Total 233,117

Land forces are 710,024

Sea forces 233,117

Total forces 943,141

The enlistments since the declaration of war (in the case of the army, since April 1, are as follows:

Regular navy	73,880
Naval reserve forces	25,000
Hospital corps	4,400
National naval volunteers	1,500
Marine corps	16,734

Total naval forces 121,514

Regular army 190,347

National Guard 136,998

Total land forces 327,345

Grand total 448,859
The total of those who have offered themselves for service is obtained by adding to the total enlistments the number who offered but were rejected and the number of those who applied for admission to the first and second officers' training camps.

OUR ALLY'S MOST PROMINENT STATESMAN

Paris, Aug. 20.—From President Wilson and from the rulers of England, Italy, and other of the allied nations at war, messages of cordial greeting were received at the Elysee today congratulating President Poincare on the occasion of his fifty-seventh birthday anniversary. The popularity of the French war president was further emphasized by the receipt of a flood of felicitous messages from the military and civil population throughout France.

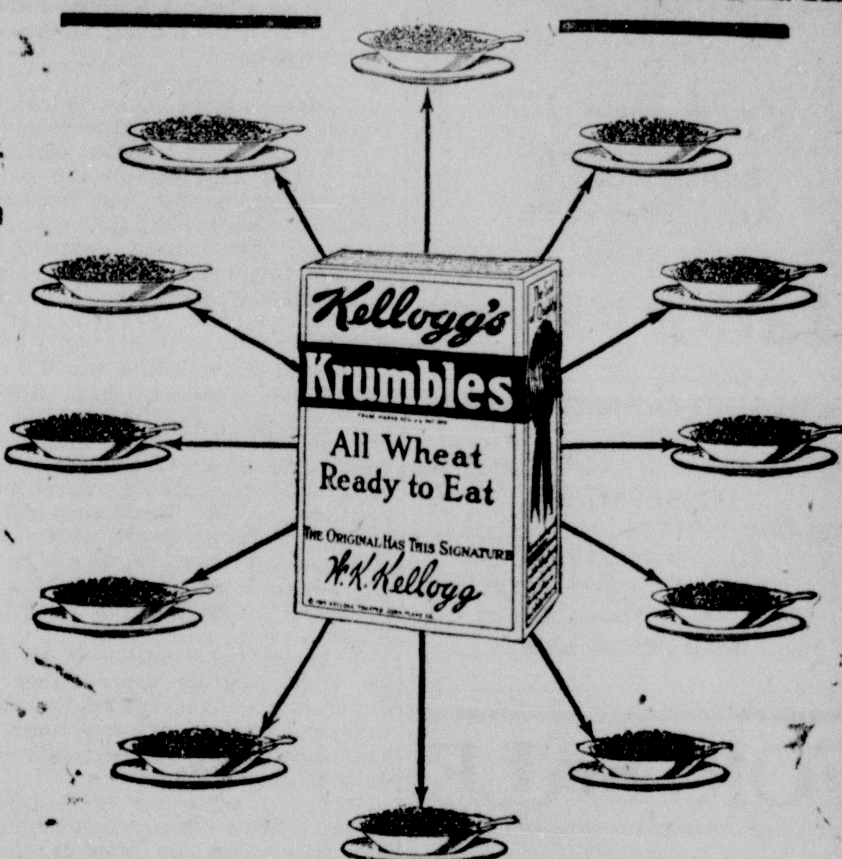

The French Republic has probably had no more popular executive than M. Poincare, who has guided the destinies of the nation since 1913. Few statesmen of today have enjoyed more phenomenal success in politics. At thirty he attained cabinet rank, and at thirty-four was minister of finance. For several years he withdrew from active politics and devoted himself to legal work, which brought him from \$75,000 to \$100,000 a year. In 1911 he became premier, which position he retained until he was elected to the presidency four years ago.

An amusing story is told of President Poincare. When he returned to his house after his election his mother, neglecting the official personages present, kissed her son in front of them all, and then, patting his cheek, remarked: "I hope, Raymond, that you have not undertaken too difficult a job. You were never quite so clever as you thought yourself, you know."

GUESTS AT THE AYERS HOME.

Mr. and Mrs. W. H. Garrett and children came to Jacksonville last night in their car from Adams county and are guests at the home of Mrs. Garrett's parents, Mr. and Mrs. J. A. Ayers, on West State street. Prof. Garrett is a member of the faculty of Baker university at Baldwin, Kans., and he and his family came from Baldwin to Menominee in Adams county for a visit with relatives before coming to this city.

LEADERS DIVIDE
DOUBLE HEADER

Red Sox and White Sox Each Win
Game in Crucial Series—Faber in
Great Form in First Game—Other
Results

Chicago, Aug. 20.—Chicago and Boston divided a double header today in the crucial series which will have a big bearing on the pennant race. Chicago shut out the visitors 7 to 0 in the initial game, but Boston won the second game 3 to 1 in eight innings, when it was called on account of darkness.

Urban Faber worked on the mound for the locals in the first game and allowed the world's champions only four scattered hits and only two men reached second base. Chicago on the other hand batted Foster and Bader freely. Faber was given support which bordered on the spectacular, a one-hand catch by Jackson which deprived Lewis of either a double or triple and a lightning double play by E. Collins, Risberg and Gandil being outstanding features.

A heavy rain which came up in the sixth inning after Faber had doubled, his first hit of the season, caused a delay of one hour and twelve minutes. Play was resumed on a muddy field.

Cicotte's wildness in the second inning of the second game and Barry's timely double won for Boston. Lewis had singled and Scott sacrificed. Agnew then fled to Felsch. Cicotte walked Mays and Walsh, filling the bases and Barry delivered his double which cleared the bases. The locals started a belated rally in the eighth inning. Two singles and a base on balls filled the bases and forced Mays' retirement. Ruth walked the next man and forced in a run, but Jackson and Felsch each struck out in the pinch.

As a result of the split today, the standing of the leaders is:

KITCHIN ALLOWS ONE HIT

ALEXANDER WINS 5 TO 1

Kitchin hurled a one hit game for Alexander against Murrayville's Sunday and Alexander won 5 to 1. Wright was on the rubber for Murrayville and was touched for nine hits. Denny and Clark were in the Murrayville lineup and Wheeler and Christopher played with Alexander. Wheeler scored two of Alexander's five runs and his hit was a circuit smash. The score:

CORN PRICES PURSUE AN UNEVEN COURSE
Close Strong ¼ to 1½ Cents Higher—Wheat Advances 3 Cents to \$2.05—Oats Advance

Chicago, Aug. 20.—Corn prices pursued an uneven course today, but the close was strong ¼ to 1½c higher, with Dec. at \$1.08½ and May at \$1.07 to \$1.08. Wheat finished at \$2.05, an advance of 3c. Oats advanced ½ to 1½c in provisions final figures showed an advance of from 3c to 15c.

Corn prices developed an "oversold" condition shortly after noon and a late rally carried prices up, shorts being given time to cover, regardless of the crop outlook which continued excellent. The cash market was about 5c lower early in the day but regained part of its loss later in the session. Local sales aggregated 43,000 bushels. There was virtually no trade in wheat. Oats finished at \$1.07½, a ½c advance. Hogs, which brought a top price of \$19.65 led to advances in provisions. There was a general opinion that large export transactions were immediately imminent.

RAILS ONLY IMPORTANT STOCKS ON EXCHANGE
Register More Than Negligible Changes In Course of Day's Listless Market.

New York, Aug. 20.—Rails were the only important stocks to register more than negligible changes in the course of today's listless market. Cumulative signs of approaching federal control over the railroads, however, were not reflected in the market. Reading making an extreme decline of 3 points.

Delaware and Hudson scored a new minimum at 102½ and New Haven repeated its recent low record of 32½. Other transportation shares were under irregular pressure. New York Central set back of slightly more than a point to 83½ representing the lowest quotation of the two years. Grangers and cotton carriers were not exempt from the general declining tendency.

Among the representative industrials and equipment shares few exceptions variations rarely exceeded a point. Shipments held their moderate gains and metals yielded slightly when quoted at all. Dealings in some of the conspicuous pool issues were restrained by the more serious attitude of the exchange authorities.

Oils, sugars and tobaccos comprised the more active specialties against which short selling proved most effective. Total sales amounted to 280,000 shares. CHICAGO, Aug. 20.—Scarcity of hogs gave added impetus to prices to-day and a new record top of \$19.65 was reached for choice animals. Liberal cattle and sheep arrivals kept prices from advancing.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. J. C. HENNEY & CO., Toledo, O.

Embossing Press Here Engages in
Work Beneficial to Blind the
World Over

The printing of the only newspaper for the blind in America is the undertaking of the National Embossing Press, published in Jacksonville for the past two years by a process which all visitors to the establishment on East State street find interesting in the extreme. This work is significant for three reasons:

(1). It has improved facilities for furnishing news of the day to thousands of persons who would otherwise be deprived of such advantage.

(2). The musical publications—both classical and popular—equip blind musicians as never before.

(3). The program of future activity marks the National Embossing Press as the strongest institution for providing up-to-date reading matter for the blind yet organized in America. In other words the purpose is "to provide a central institution to publish, circulate and distribute periodical literary and cheap music of a kind best suited to give the blind a living link with the great world of men and affairs."

This week a minor campaign is being carried on thruout the city for the National Embossing Press, and the work of this organization will be explained to citizens. L. W. Rodenberg, secretary of the Press, has been given the responsibility of raising a small fund, the object of which is to sustain the work of publishing music, newspapers and magazines for the blind until an endowment can be successfully secured.

The printing establishment at 225 1/2 E. State street has been called the "Lighthouse of Jacksonville." Hundreds of blind persons in the U. S. and Canada look to this city for a ray of light from the great world of stirring history and achievement. There are in the U. S. alone about 58,000 blind people, approximately one-third of whom read raised type. A weekly newspaper is the most up-to-date courier of events possessed by the sightless, but even this is a wonderful product of modern invention. Jacksonville is already known thruout the world for the inventions of Mr. Frank Hall, former Superintendent of the school for the blind, who produced machines which greatly facilitated writing and printing in the Braille system. Therefore, the issuing of the finest newspaper in raised print adds not a little reputation of the city for progressiveness along these lines.

Further, the promoters of this charitable enterprise have not forgotten the musicians without sight. When a blind man or woman is on a concert platform, or sits by your piano, you may expect some genuine music. He is, so to speak, in his native element where his handicap loses much of its weight. He may become an able teacher, for he knows and feels music as it should be known and felt. He plays successfully in dances, picture shows and cafes. There are more successful blind workers in music than in any other field of activity, and to help them to more musical advantage is to educate and equip them for easier self-support is the purpose of the organization here. Hence it may be imagined what a magazine devoted to music must mean to the blind musician, and how valuable sheet music must be to him.

It is impossible in a limited space to give an adequate idea of the importance of the varied work done in the so-called Lighthouse of Jacksonville. It is the evolution of experience, study, application and personal sacrifice on the part of the directors. If a relief or maintenance fund is not secured at an early date, the plant must be closed until the endowment is secured. The directors feel that they have shown their own city a special consideration in waging the vigorous campaign for the endowment in the larger cities, but that their friends at home may justly be expected to help them in a smaller way, in return for the charitable worth of their institution and its value as a civic asset.

ANNIVERSARY OF POPE'S DEATH

Rome, Aug. 20.—The anniversary of the death of Pope Pius X. three years ago was observed today with the celebration of a special mass in the crypt of St. Peter's, where the body of the pontiff is buried near the tomb of St. Peter.

DESPONDENT WOMEN

Constantly recurring suffering gives women "the blues." Comparatively few women realize that despondency, together with backache, and that "dragging-down" feeling indicate some derangement of the feminine organs, for which Lydia E. Pinkham's Vegetable Compound is a remedy.

It is said that this famous, old root and herb remedy has been the means of restoring more women to health and consequent happiness than any other remedy in the world.

Don't wait until your life is wrecked by neglect and suffering. Give the Compound a trial.—Adv.

NOTICE!

To John Coleman and to all whom it may concern:

Take notice that on the 16th day of August, A. D. 1917, a petition was filed by Carl E. Robinson in the County Court of Morgan county to have a certain child, named Richard Coleman declared delinquent and to take from the custody and guardianship of such child, and to give said child out for adoption.

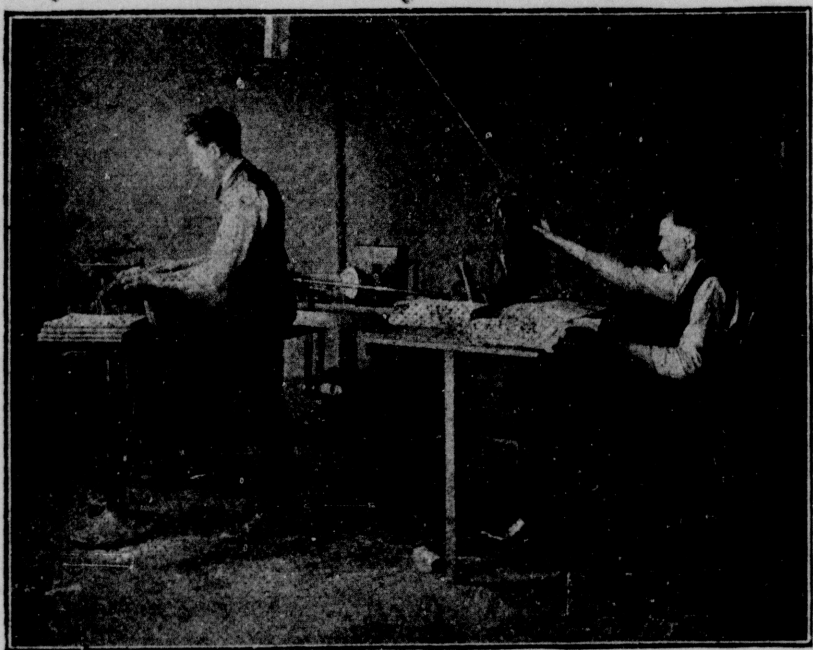

Now, unless you appear within twenty (20) days after date of this notice and show cause against such application, the petition will be taken for confessed and a decree entered accordingly.

Dated, Monday, August 20, 1917.
C. A. BORUFF, Clerk.

**THE STEREOTYPER**

On this machine are made all the stereotyped plates. The skilled manipulator can average 1200 words per hour. Music is transcribed with more difficulty, much skill of interpretation being required to make an intelligible copy in raised type. All plates must be made in two types, New York Point and American Braille, as the blind readers of America are divided into two type preferences.

The music in the New York Point is interpreted and stereotyped by Miss Alice Mathis, who has remarkable insight and facility in the work, and who is surpassed for correctness and execution by none other in the United States. Miss Frieda Rodenberg, who also transcribes literature, interprets and transcribes music in the Braille system. Much credit is due to these young ladies for their mastery of the complicated notations of raised music, to say nothing of their knowledge of the ordinary ink forms.

**THE PRINTING PRESS**

This press is a simple device. A sheet of metal, on which the raised letters have been stereotyped, is laid on the press, the moistened sheets of paper are placed over the metal sheet, and when the rubber-padded surface is pressed over the paper, all the elevations on the metal plate are duplicated on the paper. The above machine was modeled after a plan designed by L. W. Rodenberg and its capacity is from 800 to 1000 prints an hour. From its tables have gone thousands of copies of the Weekly News to blind persons in all parts of the country, who once a week are permitted to read of such stirring facts as the battle of the Somme or the Russian revolution. Is the great sighted public, with its thousands of dailies, content to deny the blind even a weekly, and that weekly established with difficulty by our own home energy and progressiveness?

**MRS. HUSTED INJURED
AT VIRGINIA**

Cass County Woman Knocked Down
By Ford Car—Cass County News.

Virginia, Aug. 20.—Mrs. Belle Weber returned home Saturday from a few days visit with relatives near Bluffs.

Mrs. Bert Coleman and Miss Edith Coleman were Monday Springfield shoppers.

John Williamson and family attended the Holiness camp meetings in Springfield this week.

Edward Biddlecome was a Capitol visitor Sunday.

Among those from here attending the Jacksonville Chautauqua Sunday were Mr. and Mrs. Edward Krone and son, Misses Kathryn and Neile Irvine, Fannie Krone and Edith Coleman.

Mrs. Edith Husted and infant motored to Grand Sunday and spent the day with relatives, returning home Monday.

While crossing the street Saturday evening, Mrs. John Husted was struck by a Ford roadster driven by Miss Lena Jockish. Mrs. Husted was knocked to the pavement, the car passed over her right ankle, breaking the bones. She also received a bad cut on the back of the head, aside from many other bruises she was rendered unconscious and was rushed to the office of Dr. A. R. Lyles where she received attention and was later removed to her home, where she lies in an unconscious state, rousing only at short intervals.

It is difficult to determine the exact extent of her injuries at this writing, but complications are apprehended. Her daughter Rachel of Chicago will arrive in this city tonight to be at her bedside.

ARENZVILLE

Miss Edith Heinz of Beardstown has been visiting relatives.

Miss Verda Thompson of Oklahoma is the guest of her aunt, Miss Lucile Tribert.

Mr. and Mrs. Harry Anderson and

**Taking Cathartics Every
Day for Weeks Don't
Cure Stomach Trouble**

They do not eliminate the poisonous bile accretions from the system, so declares a leading Chicago stomach specialist. Often gall stones, cancer and ulcers of the stomach and intestines, auto intoxication, yellow jaundice, appendicitis and other dangerous ailments are the consequences. May's Wonderful Remedy is the ideal prescription for stomach, liver and intestinal ailments. It has restored millions. One dose will prove that it will help you. May's Wonderful Remedy is for sale by Coover and Shreve East Side Drug Store and druggists everywhere.—Adv.

Miss E. H. Cire were recent callers at Concord.

John Braner of near Arcadia was a business caller here a few days ago.

Jake Zahn of Canton, Mo., is visiting relatives in this vicinity.

Mrs. Mary Houston returned from Grace Chapel after a visit with Ed Houston and family.

Johnnie Lowe autoted to Mercedonia on business matters recently.

Mrs. William Rhonie of Joy Prairie visited her numerous relatives here one day recently.

Mrs. Adelaide Kraft has been visiting her son, Julius, at Rock Island. The Sunday evening park meetings are quite well attended. Rev. Pool delivered a fine sermon Sunday evening.

FUNERAL NOTICE

Funeral services for Homer Ragsdale will be held from Centenary church this afternoon at 2:30 o'clock in charge of the Rev. E. L. Fletcher. Friends wishing to view the remains may do so at the residence 337 East Morgan street, after 10 o'clock this morning. The casket will not be opened at the church.

William McCabe on San Antonio, Texas, is the guest of his parents, Mr. and Mrs. Joseph McCabe of Murfreesboro.

**Complexion Lotion!
Use Fresh Lemons
and Strain Juice**

Any good-looking woman who uses fresh lemons and your drugstore will supply you with three ounces of orchard white. Put these in a bottle and shake well. Here you have a whole quarter pint of the most wonderful lemon lotion at about the cost one must pay for a small jar of the ordinary cold creams.

Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothening and beautifier.

Used by day, this sweetly fragrant lotion protects the skin from the evil effects of the weather and prevents roughness, redness, chafing, smarting. At night it works in the pores while you sleep, and is intended to bring a freshness and peach-like beauty that wins envy and admiration.

Just try it! Make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally helps to whiten, soften, freshen, and bring out the roses and beauty of any skin. It works marvelously on rough, red hands. Try it and see for yourself.—Adv.
